Truck kills one, destroys cars in auto crash

By Nedum Noble

Special Correspondent, Abuja

TRAGEDY struck at the weekend in Kubwa, Abuja, when a truck lost control, and plunged into a gutter, killing a woman

instantly and destroying four cars.

Daily Independent learnt that the woman was about to board a motorcycle when the truck, loaded with crates of alcoholic drinks, had a brake failure

and crushed her to death.

It also destroyed the cars parked along the road before plunging into the gutter.

It further gathered that both the driver and two persons in the truck forced

themselves out of the vehicle and ran away, abandoning the truck at the mercy of some passers-by, who seized the opportunity to enjoy themselves from the content in the fallen truck.
