Gunmen kill hajj official in Zamfara

Idris Salisu

Reporter, Gusau

AN official of hajj operation in Bakura Local Government Area of Zamfara State, Aliyu Abubakar, was shot dead by some unknown gunmen while returning home from a condolence visit in a village within the local government area.

According to the family source, Aliyu, an Assistant Registration Officer on Hajj in Bakura was driving alongside his family from a condolence visit when the assailants stopped him at a point brought, his family out of the vehicle before they shot him to death.

The gunmen, after they killed the hajj official, left the family untouched and also abandoned the vehicle without taking away anything that belongs to the deceased.

The attack on hajj official from Bakura Local Government Area by some unknown gunmen has been a second attack this year after an attack on former State Commissioner for Agriculture, Alhaji Sani Ibrahim Bakura, from the same local government area who was shot dead along the by-pass road in Gusau early this year.
