**TRAGEDY** occurred at Omi-Eran in Ilesa, Osun State, when a four-year-old girl was electrocuted.

The incident occurred at the weekend when a truck driver with a registration XC 158 LES while carrying a new transformer to Oke-Itunu at about 4pm of the fateful day cut down an electric wire from pole

which fell close to where the girl was and she was electrocuted.

The girl, simply identified as Happiness Godwin, was immediately rushed to the Wesley Guild Hospital where she was confirmed dead and her body deposited at the morgue for autopsy.

The driver has since been arrested by the police and helping the police in their investigation.

The State Police Public Relations Officer (PPRO), Folake Odoro, confirmed the incident, saying that the command has commenced investigation into the matter.

She explained that the driver of the truck would soon be arraigned in court as investigation was completed.

In a related development, the police in the state have arrested one Daniel Sunday for allegedly defiling two minor siblings at Ijebu-Jesa

in Oriade Local Government Council of Osun State. One the girls is 12 years while the second is eight years old.

The young girls were sent on an errand by their mother when the incident occurred. It was gathered the girls did not return on the day of the incident and while searching for them, they were found in one uncompleted building at Iloko-Ijesa at No. 27 Oke-Adura Street Iloko-Ijesa.

so as to develop the country.

He listed the various ways in which his government has deployed ICT to government business.

The governor said what is needed more in the country is the exposure of young people to the infinite potentials of the world of ICT and how they can through it, rule their world.

He stated that his government has long recognised the huge potentials of ICT for bringing qualitative improvement to bear on the lives of people and society, saying this is what his government has been doing since he became governor in the State of Osun.
