Warri – At least five persons have been killed and property worth millions of naira destroyed by rampaging youths who are fighting over the leadership tussle in Uvwue Local Government Area of Delta State.

Sources said the armed youths are at logger head with members of the Community Development Committee of Effurun.

The unending crises which started about a week ago have caused serious tension in the area just as socio-economic activities in the Council Area have been paralyzed.

The gun-toting youths are protesting against the sit tight in office of members who they claimed are aged.

On Wednesday, two persons were gunned down by the rampaging youths who are always armed with dangerous weapons such as AK47, sharp objects and dagger.

It was gathered that traders at the popular Effurun Market have lost huge sum of money following the perennial attacks unleashed on them by the criminals even as majority of the traders have also lost their wares.

Consequently, scores of residents and traders in Effurun are relocating to neighboring town and villages.

“Since the past one week, we have lost properties running into millions of naira and, there is nobody we can hold responsible as the youths always come to perpetrate evil and run away”, said one of the traders who claim to have lost goods worth millions of naira.

Meanwhile, a combine team of soldiers and police officers have taken charge of the crises-ridden area.
