Kaduna – The people of Kawo New Extension, Mando and Angwar Rimi areas of Kaduna State have continued to live in fear as a result of activities of cult groups.

The groups have continued to instil fear, anguish and pain in the people of these areas, making security of lives and properties difficult.

The cult groups known as Sulu and Ba Sulu, are two rival groups fighting each other anywhere and anytime they come across one another.

Muktar Aliyu, the Police Public Relations officer on Friday, said about 14 youths who are members of these groups, have been arrested so far and more would be arrested soon.

A resident of one of the areas who spoke to SATURDAY INDEPENDENT disclosed that these people are so dangerous that sometimes, they rape women indiscriminately.

“They always attack with cutlasses and dangerous weapons.

“The other time, about two women were raped in the night. So, these days, once it is 6.30pm, we are all in our houses for fear of being their victims.”

In another development, the PPRO disclosed that though arrests have not yet been made on the killing of two persons at the site of Illegal mining in Jamma Local Government but the police, army and other security agents are doing everything possible to arrest the suspected gunmen.

It would be recalled that about three persons have been killed following a clash at a mining site in Bakin Kogi village of Kaninkon Chieftdom in Jema'a Local Government Area of Kaduna State.
