

Pastor, Two Others Die In Auto Crash In Delta

By **Sunday Apah** - June 26, 2018

UGHELLI – There was pandemonium at the wee hours of Saturday at Akpobi Junction in Ovorie in Ethiope East Local Government Area of Delta State, following a ghastly motor accident that claimed the life of an unidentified Pastor, two others and leaving several others with various degrees of injury.

DAILY INDEPENDENT gathered that the accident which involved a 911 Mercedes Truck and 18-Seater Toyota Hiace bus caused traffic gridlock that made travellers and road users spend several hours on the road.

It was gathered that the truck loaded with granites entered the Abraka-Warri Express Road without seeing the fast coming Warri bound Toyota Hiace bus, allegedly carrying members of one of the Pentecostal Churches in Warri rammed into the steel bucket part of the truck which eventually left the Pastor dead on the spot while two other occupants of the bus later passed on in a nearby hospital.

Sympathisers said the reckless truck driver was also involved in an accident a few months ago with the same truck, crushing to death a six-year-old boy in the presence of his parents in Ovu Inland in same Local Government Area while reversing in a nearby building site after tipping its load of granites.
