**Abakaliki** – A young lady whose identity is yet to be ascertained have been raped to death by unknown persons in Abakaliki, the Ebonyi state capital.

The incident occurred at Nkwoagu in Abakaliki Local Government Area of the state.

The incident occurred very close to Nkwagu Military Cantonment.

The body of the lady was found stark naked with serious cuts all over her body especially her neck.

The State Police Public Relations Officer, DSP Loveth Odah, confirmed the incident to newsmen in Abakaliki.

She said: "An unidentified body of a lady was found at Nkwoagu area under Abakaliki Local Government Area of Ebonyi State. The body of the lady was found stark naked though her clothes and slippers were found near her.

"She was not just raped alone; she was also butchered with a knife. There were knife cuts all over her body especially the neck part of it and left stark naked.

"With that kind of machete cut, she was supposed to be in the pool of her blood but there was no blood seen around there which may be that the act might have been committed somewhere else and they now carried her from there and dumped her at the location where the police found her.

"As I am talking to you, nobody has come to identify her. She was evacuated and deposited at the mortuary at FETHA II."
