**Kano** – Detectives from the Kano State Police Command on Friday uncovered the decomposing corpse of a woman believed to have been allegedly locked up in a solitary room by her husband for three days.

The latest incident of unlawful incarceration occurred at Mariri Quaters, outskirts of Kano Metropolis.

The stench from the decomposing corpse compelled neighbours to alert the security agents who conducted a sweeping operation that led to the discovery.

The police had since evacuated the corpse to an unnamed health facility in the city for postmortem.

DSP Abdullahi Haruna, Spokesman of the Kano State Police Command, while confirming the incident to reporters in Kano, disclosed that investigation has been launched into the matter.
