Residents who spoke on condition of anonymity have berated drivers over reckless driving on the expressway adding that several accidents have occurred in the area due to reckless driving and over speeding.

Family sources said the late pregnant woman was barely a year old in her marriage before the cold hands of death snatched her away.

Officials of the Federal Road Safety Commission (FRSC) who did not want their names in the print said the corpse of the victims was taken to the General Hospital Sapele where the driver is also being treated.
