## Woman, 28, Drowns In Well

BY KOLA NIYI-EKE, ASABA

A 28-year-old lady Justina (urname withheld) was on Monday, found dead in a well at Isi-Ube quarters, Akumazi, Ika North East local government, Delta State, last Monday.

A source said after breakfast, Justina told the mother that she was going to fetch water and the mother after waiting for a long time became worried and started searching for her.

The source further said that when the mother looked inside the well in their compound and saw the daughter's footwear, she raised an alarm that attracted he neighbours who came and discovered that Justina was in the well, dead.

The family's spokesman, who gave his name as Echi Oni, noted that the late Justina had a mental problem but was cured of it after which she got married and had a child.

Oni said a few months ago, the family observed that the problem was resurfacing and efforts to get her cured failed until the incident.
