## 5 Accidents, 2 Deaths Recorded During Easter - FRSC

BY NAN

The Federal Road Safety Corps (FRSC), FCT Sector Command, said it recorded two deaths in five accidents in the FCT, during the Easter celebration.

A The FCT FRSC Sector Commander, Mrs Susan Ajenge who disclosed this said one of the deaths was recorded in Gwarinpa while the other was in Abaji area council.

B She attributed the low accident rate to adequate deployment of men of the command to highways during the celebration, with a mandate to carry out "traffic calm down", which she said was done by taking positions on the expressways and waving down motorists speeding.

Meanwhile, the FCT Police Command also said no crime was recorded in the territory throughout the Easter celebration.

The command's spokesperson, DSP Altine Daniel who stated this in an interview, attributed the feat to the commitment of personnel of the command and cooperation of residents.
