

MYSTERY: Snake Kills 2 Factory Workers

BY KOLA EKE-OGIUGO, Asaba

A mysterious snake around Ogwashi-Uku community has killed two factory workers.

Sources said the victims were bitten to death by the snake while they resting in one of the rooms in the factory.

It was also gathered that natives in the community had attempted to kill the snake before the incident but could not because the snake usually disappear.

Our correspondent gathered from a manager in the factory, Kenneth Okigbo, that the victims died after they vomitted and were rushed to a clinic.

LEADERSHIP checks revealed that many unidentified persons have been killed in the bush by the mysterious snake which had been a constant source of serious threat to residents of the community.

A 37-year-old Michael, has community dumped him in bed.

Reports said suicide by hanging in the bush on a written note.
