## CRIME FIGHTING: Again, Police Kill 2 Armed Robbers In Ekiti

BY ALO ABIOLA, Ado-Ekiti

In its continued efforts to rid the state of criminals, two armed robbery suspects were yesterday gunned down by men of the Ekiti State Police Command.

This came barely one week after a notorious armed robber was killed by the police in Odo Ado area of Ado Ekiti, the state capital.

The police public relations officer of the command, Mr Alberto Adeyemi, who spoke during the public display of corpses in Ado Ekiti, said they were killed along Ikere-Ilawe-Igbaraodo axis during a gun duel with the men of the Special Anti-Robbery Squad.

Adeyemi said one of the dead armed robbers, who escaped from the police last year during an operation, later formed a deadly group that had been terrorizing the residents of the area in recent times.

Weapons found on the robbers, according to him, include a Russian-style single-barrel pump action gun, 25 cartridges and a little amount of money.

The PPRO advised landlords to always ascertain what their prospective tenants did for a living in order not to harbour robbers as neighbours.
