BY KOLA EKE-OGIUGO, Asaba

The driver of a hummer bus with two others, over the week, lost their lives along Ogwashi-Uku-Kwale highway, while a female student of Delta State Polytechnic, OgwashiUku, who was also involved in the accident, is currently receiving treatment in one of the private hospitals in Ogwashi-Uku metropolis.

The ghastly accident, which occurred at about 8:00pm on Wednesday, was reported to have involved a towing van that was hauling another broken down truck and was heading towards Kwale, while the passenger bus, whose number could not be immediately ascertained as at the time of filing this report, was heading towards Ogwashi-Uku when the incident occurred.

A police source in the Transport Division of Ogwashi-Uku Police Station, who spoke on condition of anonymity

while confirming the accident, revealed that what actually led to it could not be ascertained.

"But from our investigation, it was the hummer bus that veered off its track and ran into the truck the towing van was pulling to its destination. What could have led to it we do not know but it is possible the driver may have dozed off while driving."

"SO far, only the driver and two passengers, lost their lives while three others were saved. The corpse of the driver and the two passengers have been deposited at Ogwashi-Uku General Hospital morgue, while the wounded ones are receiving treatment in hospitals in Ogwashi-Uku here", revealed the police source.

However, the towing van has been impounded by the police, pending the completion of investigation on the matter.
