

Gunmen Kill 2 In Plateau

BY ACHOR ABIMAJE, Jos

Unknown gunmen have allegedly shot and killed one student and gravely injured another in an attack on Dalo memorial High School at Foron junction of Hi-epang, in Barkin Ladi LGA of Plateau State.

According to Mark Lipdo, coordinator, Stephanos Foundation, a Jos-based non-governmental organisation, the gunmen shot the two students, killing one, while the other was now lying critically ill in the hospital.

"The gunmen also shot and killed a farmer on his farm and escaped into Bisichi village," Lipdo added.

He lamented that soldiers are usually quick to search the Berom communities but have never conducted any search on the Fulani settlement in Bisichi village.

Efforts by our correspondent to get the spokesman of the Special Task Force, STF on Jos crisis, Captain Ikediche Iweha to confirm the killing were not successful as his mobile phone was switched off as at the time of filing this report.
