.....  
Bandits have attacked Kanzanna  
village in Tili district of Bunza  
local government area of Kebbi  
State and killed two residents and  
abducted three others.

The spokesman of the state police command, SP Nafi'u Abubakar, who confirmed the incident in a press statement, said the commissioner of police, Chris Aimiono Wane, has mobilised a combined team of mobile force and anti-kidnapping and counter terrorism to the scene.

He said the teams have  
converged on the nearby forest  
to rescue the victims and arrest  
the bandits.

The CP however condoled with the deceased's families and assured that his team would track down the bandits and also rescue the abducted victims safely and reunite them with their families.

He implored the people in the village and other parts of the state to provide useful information about strange people to the nearest police personnel.
