### 45-yr-old Man Dies Inside Oyo Well

BY ADEBAYO WAHEED, Ibadan

The Oyo State Fire Service on Sunday disclosed that it recovered the body of a 45-year-old man from a well at First Women Estate in the Akala area of Ibadan.

The agency's general manager, Mr Yemi Akinyinka, who confirmed the incident in a statement made available to newsmen in Ibadan, said personnel of the service received a distress call about the incident on Friday at 2:11 p.m. through a telephone call from one Mr Yusuf.

He said firefighters responded to the distress call by rushing to the incident scene.

"On getting there, it was discovered that a man was trapped inside the well while working beneath," he said.

He, however, said the corpse of the 45-year-old man was recovered from inside the well and handed over to his relatives.

Akinyinka said that personnel of the Amotekun Corps from Oluyole Command, led by one Akanbi Kabiru, were also at the scene of the incident to lend a helping hand.
