

'Two persons died on election day'

MR Kenny Okolugblo of the Accord Party on Friday told the Delta State Election Petition Tribunal that two persons died during the April 21 polls in Ndokwa/Ukwuani Federal Constituency.

Okolugblo said this in Asaba when he was being cross-examined during his petition against the election of Mrs Mercy Almona-Isei, a PDP member of

the House of Representatives.

He also said that the election was marred by irregularities and noted that the election was particularly not peaceful in Unit 1, Ward 9 of Obiaruku.

Okolugblo said that although there was a restriction on people's movement in the area on the election day, the restriction was not applicable to election candidates.
