From Johnny Danjuma,
Lafia

A STUDENT of the Federal Polytechnic in Nasarawa State was killed in his home by cultists on Friday night. Another student sustained serious injuries.

Cultists wielding guns, cutlasses and other dangerous objects were said to have attacked the victims.

A security officer at the school's Surveillance/Intelligence Unit, Akolo Maiwada, said the cultists shot both victims, but one survived.

Maiwada said the survivor is recuperating in the hospital.

The institution was shut down a few months ago over a similar incident, in which two students were killed.
