## Ekiti Police kill two robbery suspects

Posted by: [Odunayo Ogunmola, Ado Ekiti](#) in [News Update](#) ⌚ 15 hours ago

Efforts of the Police in Ekiti State to wage war against robbery yielded results on Wednesday with the killing of two robbery suspects along Ikere-Akure Highway.

The suspected robbers were attacking commuters on the road when armed policemen and officers of the Highway Patrol squad swooped on them.

Two of robbery suspects were gunned down after exchanging gunfire with the policemen while one member of the gang was arrested in the process.

Police spokesman, Alberto Adeyemi who confirmed the development, assured that the police were working round the clock to make all Ekiti roads safe.

Adeyemi said: "In our quest to rid Ekiti roads of criminals, the DPO of Ikere and Safer Highway Patrol team got information that robbers were attacking innocent commuters along Ikere – Akure Road. They swung into action and chased the robbers to their hideout along Akure Road.

"The robbers on sighting the police engaged our men in gun battle. In the process, two of the robbers were gunned down and one of them arrested. The arrested suspect is helping us in our investigations.

"We want to ensure that all roads in Ekiti are safe. We are patrolling all roads. We want people to continue to render information about criminals and their activities to the police so that the police can continue to protect the society better."
