A group, Ikwerre Citizen for Democratic Movement (ICDM) and family members of one Mrs. Christy Agi, who was allegedly murdered by her husband has insisted that police must unravel the cause of her gruesome death.

Agi, a house wife, was attacked and butchered by her husband Mr. Benson Agi at Omuokiri in Aluu community, Ikwerre Local Government Area of Rivers State. Both the deceased's family members and the community refused to share details of what led to Agi's death with our correspondent.

Two of the deceased daughters were also inflicted with machete wounds by their father but managed to escape. The two daughters are presently receiving treatment in a local chemist shop in their area.

Agi's family members said they reported the matter to the Federal Special Anti-Robbery Squad(FEDSARS) office located close to the community.

Effort to reach the spokesman of the state police command, Nnamdi Omoni, a Deputy Superintendent of Police (DSP) to comment on the matter proved abortive as he could not be reached on his mobile phone.

A text message forwarded to his mobile telephone number was also not returned as of press time. A highly placed police source, who pleaded anonymity said investigation had commenced adding that the police they will soon arrest the perpetrator of the act who is currently large..
