10 feared dead in Aba accident

Reported By: [Sunny Nwankwo, Aba](#) On: April 24, 2017 In: [News](#)

1   

Ten persons were feared dead in an accident on the Ikot-Ekpene-Aba Expressway in Aba, Abia State, at the weekend. Many others were injured.

The accident was allegedly caused by a truck carrying chippings and heading for Aba. It caused a gridlock, with personnel of the Federal Road Safety Corps (FRSC) and Nigeria Police Force (NPF) working to clear the gridlock.

An eyewitness blamed the truck driver for recklessness, saying he suspected the driver, who was descending the Ogbor Hill Bridge on speed, lost control and crashed into the commercial bus, a car, a commercial tricycle and pedestrians.

“The man was coming down the bridge with speed and in the process, lost control of his vehicle. The bus and some *keke* were loading their passengers before the accident. The car down the bridge was hit and it destroyed the rail before landing there.

“I am not sure anyone in that car survived. Another private car was also affected and I don't think the passengers survived.

“The people affected were about 20 or more; about 10 persons died. Many people sustained injuries because it happened during the rush hour.”

The eyewitness said whereabouts of the truck driver and his conductor were unknown.

An FRSC personnel, who pleaded for anonymity, said 21 persons were affected in the accident – eight females and 13 males; three persons died.

He added that the injured were being treated in a private hospital on the Aba-Ikotupe Expressway.

At press time, the truck (SAG 115 XA) was still on the Bridge while the commercial bus (ZA 376 YF) was still trapped beside the river.
