Eight persons, including Maj- Gen. Lawrence Ugbo (retd), have allegedly been killed and others injured at Ugboju in Otukpo Local Government of Benue State.

The Nation learnt the incident, which occurred on Wednesday morning, rendered many homeless.

A resident, Peter Ogaba, said crisis began in the community after boys from Ugboju allegedly attacked a group loyal to a former chairman of Otukpo Council.

It was gathered that the ex-local government boss was in the village with his loyalists when another group believed to be his rival allegedly attacked them.

In a reprisal, the politician and his boys allegedly stormed the community, killing people.

They allegedly killed Ugbo and burnt his body.

Police spokesman Moses Yamu said he could not confirm the incident because he was in a meeting. He promised to call back but did not last night.
