By Damian Duruiheoma, Owerri

Decomposing bodies of a man and a woman have been found in a big sack on the border between Amanze and Amainyi communities in Ihitte Uboma Local Government Area of Imo State.

Some of their parts were missing in what the locals called money ritual killing.

The bodies were reportedly found by farmers, a development which caused panic in both communities.

Police spokesman Orlando Ikeokwu did not respond to inquiries by our correspondent on the incident.
