Three killed in Delta community

From Elo Edremoda, Warri

UNIDENTIFIED gunmen have killed three people during a shooting at the ever-busy Mofor Park, in the Udu Council area of Delta State.

The victims whose identities are yet to be confirmed are all males.

The Nation learnt that the incident occurred at about 10:00 a.m. yesterday.

A witness claimed that the suspects seemed to be making an escape from another operation and shot the victims in order to have an easy escape.

The witness added that the suspects were going towards the Otokutu axis of the DSC Expressway.

"They were coming from Udu and heading towards the Otokutu area. So, it seems they were stuck at that Mofor Park area and fired the shots, killing four men," the witness said.

But another source on a WhatsApp loop, while reacting to a video of the incident posted by another member, disclosed that two of the suspects have been arrested and a red jeep with their arms, recovered.

In the video clip seen by this reporter, three of the victims laid lifeless on the ground, while another, with blood on his stomach region, was being held by a sympathiser in the midst of other onlookers.
