

the scandal went viral on the social media over the accident, stating

# Mechanic on test-drive kills two, injures one other

**A** MECHANIC on test-drive in Aba South Local Government Area of Abia State has reportedly killed a couple whose identity could not be immediately ascertained.

Another person who is said to be in the same mechanic garage with the said young mechanic on test-drive was said to be among other passengers in the same commercial tricycle that collided with the vehicle belonging to one of the

Umuahia

pentecostal churches in Aba, which was taken to the mechanic workshop for repairs.

Sources alleged that the said mechanic was speeding even when there was poor visibility occasioned by a torrential rain in the city.

The mechanic was said to have rammed into the commercial tricycle coming from the opposite di-

rection on the Ngwa Road in a head-on collision.

A male passenger inside the commercial tricycle was said to have died on the spot, while the woman who was later identified as his wife died later.

Another passenger said to be unconscious was rushed to an undisclosed private hospital in the city centre.

The deceased have since been deposited in the morgue while the injured was still receiving medical

attention at the time of filing this report.

The said church bus and commercial tricycle had been evacuated from the area at the time our correspondent visited the scene of the incident.

When contacted, the Police Public Relations Officer (PPRO), Geoffrey Ogbonna, said that the incident was yet to be reported to the police at the time of filing this report.
