

Shot UK-bound Edo youth dies

From Bisi Olaniyi, Benin

THE 28-year-old shot United Kingdom-bound Cyril Igiebor, a member of Edo State Security Network, has died in Benin.

It was gathered yesterday that a private medical centre in Benin, to which he was initially rushed, refused to treat him, due to the inability to produce a police report.

The deceased, according to his elder brother, Sunny Igiebor, some days earlier, bought a

flight ticket to enable him travel to the United Kingdom, after he secured a five-year work visa.

Cyril was accidentally shot last Friday by another member of the security network, identified as Moses Isimor, at a service of songs that took place at 5, Eheneden Lane, off Ehenede Street, off Ekehuan Road, Uzebu Quarters, Benin.
