

Two policemen killed in Kwara bank raid

From Biodun Oyeleye,
Ilorin

Police sources said the bank officials immediately alerted the state command, which drafted men to pursue the fleeing robbers.

While one source said the robbers, apparently knowing they were being pursued, laid ambush for the police at a point and opened fire on them, another source said the robbers encountered some policemen at a "nipping point" as they were fleeing and in the exchange of fire between the two parties, two policemen were killed.
