NINE people have been arrested in Abuja in connection with the alleged murder of a 28-year-old man whose corpse was found in an uncompleted church.

Mr. John Haruna, the Commissioner of Po-

lice in the FCT, made this known in an interview with the News Agency of Nigeria (NAN) in Abuja.

"All the suspects in connection with the

murder have been arrested," he said.

NAN learnt that the corpse was found in the

early hours of April 21, inside the church located in Nyanya, a suburb of Abuja.

NAN investigation revealed that the vic-

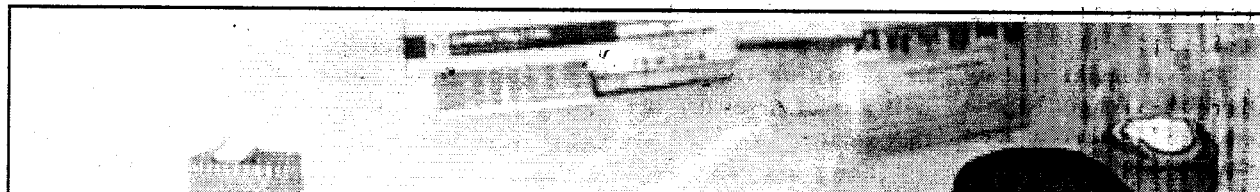

tim was allegedly killed for ritual purposes and that a top official of the church was among the suspects, "who have given the police useful information".

"His arrest led to the

arrest of some of the other suspects," a source at the Command Headquarters told NAN.

John said that investigation into the case was still on and urged FCT residents to continue to provide the command with all information about criminals and their hide outs.
