A pastor in one of the churches in Ijebu-Ode, names withheld, has died of magun (thunderbolt), after allegedly having sex with a lady friend (name unknown) on Tuesday morning.

Nigerian Tribune gathered that the deceased was said to have gone into a hotel located off Imodi-Imosan Road of the town for a short rest and was later found dead in the hotel room.

It was gathered that the owner of the hotel, after the discovery, reported the incident at Obanlende Divisional Police Office, while the lady friend was said to have absconded the scene of the crime.

The scene of the incident was visited by the police, while the body of the pastor was taken to the General Hospital, Ijebu-Ode, for autopsy.

Nigerian Tribune learnt that preliminary investigation into the matter had begun.

The state Police Public Relations Officer, Muyiwa Adejobi, could not be reached for confirmation as of the time of filing this report.
