

"Therefore, the regulatory authority views with utmost seriousness the successive mishaps of Bristow

The suspension, according to the DG, would enable the authority to carry out full scale audit on the

feature twin main and tail four bladed main and tail rotors. It has a retractable landing gear.

## 2 teenagers raped to death in Bayelsa

AUSTIN EBIPADE - YENAGOA

TWO teenage girls were gang raped to death at different locations in Bayelsa State capital, Yenagoa.

Peeved by the barbaric and shameful act, women lawyers under the aegis of International Federation of Women Lawyers (FIDA) condemned the act and noted that the perpetrators must face the full weight of

the law.

Chairperson of FIDA, Mrs Dise Ogbise Erhisere and other professionals in the state urged parents to always seek redress in court over violation of their teenagers.

Noting that FIDA would support them to win the legal battle, Ogbise-Erhisere said two teenage girls between the ages of 15 and 16 were violently raped to

death by gang of boys at different locations in the state.

Accordingly, FIDA pointed out that the 15-year-old girl (names withheld) was raped by a gang of boys at an uncompleted building along the D.S.P. Alamiye-seigha Expressway, while the 16-year-old girl suffered same fate at another location, at the weekend, in Yenagoa.
