Vigilante kill 2 villagers in Birnin Gwari

MUHAMMAD SABIU - KADUNA

Some members of a vigilance group in Birnin Gwari, Kaduna State, have been accused of killing two residents in Kakangi district, in Birnin Gwari Local Government Area of the state.

A younger brother to one of the deceased persons, Shehu Rankadede, said the incident occurred last Fri-

day.

He said his brothers, Oli Lafia and Rankadede Nana, had gone to Biski village to perform Juma'at prayers, but did not return home.

"When we discovered they were missing, we organised a search party to comb the area for them, but we later gathered that some vigilantes had arrested them. We continued searching for them, only to discover

their bodies in the bush," Rankadede said. He appealed to the Kaduna State government and security agencies to arrest the suspects and bring them to justice without delay.

When contacted on the incident, the Kaduna State Police Public Relations Officer (PPRO), ASP Usman Aliyu, said he was yet to be briefed by the DPO in charge of the area.
