

# Air Force helicopter blade kills aircraftman

① A blade of the Nigerian Air Force (NAF) helicopter, on Saturday, killed an aircraftman in Bama, Borno State.

PRNigeria gathered that Aircraftman (ACM) Umaru Abdul Ganimu, was part of the NAF team actively engaged in counter-insurgency operation in the North East

ACM Ganimu was passing through the side of the functioning rotor when the blade chopped-off his head.

The aircraft was later taken back to the airbase without any damage on tail rotor.

Ganimu has since been buried according to the Islamic rites at the Maimalari Military Cemetery in Maiduguri, after his family members were duly informed.
