BANDITS on Sunday killed 15 people at Hayin Kanwa village, Yakawada ward in Giwa Local Government Area of Kaduna State.

This is coming one week after 50 people were killed in nine villages in the local government area.

According to a member of the vigilante group in the area who pleaded anonymity, the situation in Giwa is getting worse as people are being killed on a daily basis.

"15 more people were killed at Hayin Kanwa just yesterday (Sunday) night by bandits. Since Thursday, these bandits have been attacking villages and killing people," he

said.

A resident, Mallam Ridwan also disclosed that the bandits come to the villages almost every day.

"They came into the village shooting sporadically, which led to the death of these people. Do you know that the dead bodies couldn't be evacuated till this morning?"

He noted that the bandits were more interested in killing people than abducting them.

It was gathered that some of the victims were buried at Tashar Sharri, close to Hayin Kanwa.

As of the time of filing the report, the chairman of Giwa Local Government Abubakar Shehu and the police are yet to react to the incident.
