GUNMEN suspected to be hired assassins have killed two children and a landlord after firing gunshots into a provisions store in Sapele, Delta State.

An eyewitness said the in-

cident occurred on Tuesday evening, June 21, when the gunmen shot at people buying items in a store along Shell Road in Sapele.

It was gathered that the landlord of the compound who was at the store as at time the gunmen struck, died after being rushed to

the hospital.

The mission of the gunmen is still unclear and no one could ascertain who the operation was targeted at.

Sapele has, in recent times, turned to a warfront as over 10 people have been killed as a result of

rival cult clashes in the last one month.

The state Police Public Relations Officer (PPRO), DSP Bright Edafe, confirmed the incident on Wednesday.

He said four suspects had already been arrested in connection with the killings.
