~~THE police command in Jigawa State has confirmed the killing of one person during a clash of politicians of the All Progressives Congress (APC) in the state.~~

~~Nigerian Tribune gathered that the party had organised~~

~~a rally for its governorship and other candidates in Kazaure and Yankwashi local government areas when a clash occurred among some members.~~

Confirming the incident to newsmen, the Commissioner of Police in the state, Mr Emmanuel Ekot, said po-

lice operatives were already on the trail of the suspected killer.

The police boss said: "It was a misunderstanding between the party supporters and a particular candidate. They are members of the same APC not a clash between two parties."

~~It was gathered that the person killed, identified as Halliru Lafka, a resident of Kazaure town, was a supporter of one of the party's senatorial candidates.~~

The killing led to a protest by residents who destroyed the billboards of the senatorial candidate.
