

In the same vein, two persons died in a lone accident, while one other sustained injury a few meters after Iperu bridge on the Lagos-Ibadan expressway on Sunday.

The FRSC attributed overspeeding and loss of control which led the driver to run into a drainage by the roadside.

Okpe added that three persons were involved in the accident which comprised two men and a woman, saying that the two men died while the woman sustained injuries.

“One vehicle was involved with registration number JJJ 25 HS, a Toyota car, silver color,” she said.
