THREE persons lost their lives in a multiple road accident on Kara Bridge along the Lagos-Ibadan Expressway on Friday. Many other people sustained varying degrees of injury.

The accident caused a serious gridlock as desperate motorists drove against flow of traffic.

An eyewitness, Mrs Susan Ella, said the accident occurred around 6.30am because the vehicles involved were travelling at high speeds.

"At least three bodies have been removed from the wreckage," she said

As of 7am, only first responders were at the scene working to rescue victims and clear the wreckage.
