THE TRUTH

In our publication of February 25 on the incident, we sought any helpful information from our readers and the general public in ascertaining the truth as reported on CNN iReport. This led to several mails and phone calls to our news team, all confirming the crushing to death of the victims, but with different versions on how they were killed. The most reliable information came from a reader who only identified himself as "Oudeaf". The reader directed us to two duplicate local publications on the incident. The original news published August 2, 2009 was by Sunday Tribune and the republication by OnlineNigeria website. The crushing of people was by a speeding trailer that failed to stop either to elude the robbers or did not see on time, people lying on the ground as ordered by the robbers. Tribune and OnlineNigeria publications were made without photographs and under titles that did not reflect the true gruesome nature of the incident. This seemed the reason why they did not draw the attention of the public, until our publication which drew over 1000,000 views and 970 comments at the time of this report.

Sunday Tribune article titled **"Robbers kill 20 on Sagamu/Benin Road- Trailer crushes 16 to death in Lagos, - As 11 CAC members escape death"** and reproduced by OnlineNigeria under a streamlined title **"Robbers kill 20 on Sagamu/Benin Road "** is reproduced below.

Robbers kill 20 on Sagamu/Benin Road - Sunday Tribune, 2/8/09.

No fewer than 20 passengers travel ling on the Sagamu-Ore- Benin Expressway lost their lives when a truck crushed them to death during a robbery operation.

The incident which happened in the early hours of Saturday, involved a luxury bus with registration number Edo XF 285 AKD and a truck with number plate Edo XN 808 BEN. Sunday Tribune gathered that another accident that claimed two lives also occurred on Friday night around 10.45 pm, along Ijebu-Ode- Ore end of the expressway.

This accident was reported to have involved a white Toyota Hiace, marked Edo XQ 201 EKY and a blue Bedford lorry marked XA 565 WER.

The fatal accident was said to have happened around Babcock University, Ilisan junction and Odogbolu areas of the highway.

ST learnt that the luxury bus which was on a night journey to the Eastern part of the country, unfortunately, ran into a gang of armed robbers operating on the expressway.

The robbers were reported to have blocked the highway with a huge log of wood and ordered the passengers to disembark from the bus.

The innocent passengers it was learnt, were ordered to lie down on the highway before a trailer said to be on top speed ran over the robbery victims and killed all of them.

Confirming the incident, the Sector Commander, Federal Road Safety Commission, (FRSC), Ogun State, Mr. Olu-Mike Olagunju, said that he could not ascertain the cause of the accident as at the time of filing this report.

He said that 13 men and seven women lost their lives immediately while two men were reported to have been seriously injured.

He said," This incident is unfortunate. What we observed is that there was no dent on the luxury bus, which indicated that the vehicles did not run to each other. The most likely cause of the accident could be because of the activities of armed robbers.

"We have said it over and over again that people should avoid night journeys. If people do not travel at nights, there is hardly a way that kind of accident would not be avoided. At least the truck would have seen people lying on the road while the motorists would have even known that robbers were operating on the road."

Meanwhile, 16 people were also crushed to death at Ikotun Lagos by a trailer, which was descending a slope near synagogue church on Saturday evening, and victims were mainly roadside trailers.

The tragedy was caused by brake failure and many were trapped.

Sympathisers wailed as rescuers retrieved the wounded, who were still gasping for breath. Mutilated bodies, including that of children littered the area.

Meanwhile A man, rushed to a private hospital in Shagamu, Ogun State after being critically wounded in an accident when his brand new Toyota car rammed into a stationary truck on Saturday, at Kilometer 79, Lagos – Ibadan Road, may owe his life to his seat belt.

The accident, involving a Toyota car marked Lagos RA 316 AAA which occurred at about 7.00 am according to eye witnesses, incidentally took place just a few minutes before a 14-seater Toyota commuter bus marked XP 409 GGE chartered by the Christ Apostolic Church, Oke Aanu, Apapa in Lagos State for an engagement in Ogun State was also involved in

another accident near same spot, sending all occupants to another hospital.

While eye witnesses could not ascertain why the car driver failed to sight the stationary truck, they however agreed on the fact that the man must thank his God for his seat belt, in addition to the timely assistance of two towing vehicle operators, who, in the absence of any policeman came to his rescue, and took him to Owokoniran Hospital, in Shagamu.

One of the towing vehicle operators told the Sunday Tribune that having discovered that the man from all indications would survive the accident if timely assisted, said they felt compelled to offer the little assistance they could by salvaging him from his wrecked car, and spiriting him away to the hospital.

Is this humanity !!!!

What disgusting ways to treat human beings..... the fact that they probably robbed poor people already, they just could not let good people just leave and carry on with what they have left.

I hope these people are caught and punished.....

My prayers go out to those with family and friends who have lost in this tragic course of events.

This is patetic and a big shame to Nigeria power drunk rulers that are governing Nigeria, why won't there be arm robbers, when there is no functional government because the president is sick and cannot allow his vice to function on his behave. May the soul of the affected poeple rest in pafect peace. Here is an example of wath to expect where there is no law and order and where any leader will not abide by the constitution. How i wish there immidiate family is among these unfortunate people.

May the souls that are responsible for this gruesome crime, find themselves in worst fate. They and those who are charged with the responsibility of seeing to the secirity of Nigerians, but turn the wealth to enrich themselves will live in internal hell on earth. Nigerian rulers have no regard for the welfare of the masses that supposedly voted them into office. They

can provide a military convoy to protect one man returning from saudi arabia in an ambulance, but other Nigerians are left to the demise of the armed robbers, who may as well be the police themselves who line this route to collect N20 from passing motorist. This crime will not be solved, except the son of the police commissioner was among those massacred, or the relative to the governor. Nigerians must rise up to the occasion or these crimes will continue unabated. God help us.

Have the minister of works seen this? Have the police seen this?. Where is the poor men belong to in this country?. I know the culprits will not be found unless ministers and police relatives are among the dead. For the bus driver if he is still alive how does he feels to grind people who paid him to take them to their different destination whether on gun point or not. For the armed robbers they will never escape God's wrath where ever they go. May God grant the families of deacease the grace to bear the painful lost.

This is insane for people to act like this after collecting there money instead of letting them go free, they took there lives in pain leaving there families with regret and also the driver who did this thing, Corse will follow his entire generation and he will die more worse death than these people did along with the fellow robbers.

Shame to NIGERIA!!!!!!!!!!!!!! If the govt sees this and keep quiet then God will punish them as well. Now I know the reaon y pple do not pity robbers because they do not have mercy. what is the relationship with money and live of one and what have they gained for taken their lives. I pray to God with the pain I feel in my hearth that those who did this will die a slow death with more worse death/pain than this.

Just do not know what else to say but shame to our country and i pray that I should not be situated in that country in my next life. Idiots!!

I have said it several times that the only way to solve all these vices is by fighting. The people must fight. Nigerians must fight.

See Thais and Greeks fighting now over issues that the are uncomfortable about. As long as Nigerians see ten naira to buy groundnut

and drink garri, they are okay and the next thing they say is God dey. I wonder when we will reach our breaking point. No light, no fuel, no roads, no president, no security. We need

to observe a synchronised demonstration carrying

placards and scribbles throughout the streets of Nigeria. We have to send a message. imagine no work and shops closed for one week

no transportation people are on the streets rampaging for change, worse they will call for a state of emergency across the country.

the armed forces will kill and get tired, they will drop their guns and join us afterall they need the change too, but they need to see

that the people are really ready to get it. if we do not die fighting for change, then we might die like the unfortunate people in this robbery incidence or maybe from the poor services of a health center or hospital, or maybe from a car accident as a result of bad roads. you see, it is intertwined.

Such HIDEOUS crime! OMG! This is unbelievable! Dear God! So some Nigerians are beginning to show off their savage side with all impunity?! HORRIBLE!!!

Now when we ask, where are our High Way Patrol Officers, we should also ask if these 'officers' are well trained and well armed to combat the 'men of the underworld'.

Its a huge shame that Nigeria is still being ruled by some bunch of power greedy gamblers who think of power zone, ethnicity and religion while the masses are left to face these desperate and vicious men of the underworld.

How long shall we continue to call on our 'gods' to save a well blessed country like Nigeria???? SHAME SHAME!!!

Honestly, I feel so so sick to my stomach everytime I think of Nigeria.

The people in power are not the problem and we have no business complaining about the affairs of the country called Nigeria. i will say categorically that we are the problem and we, that is the educated elite of the country that know how a society should function but offcourse we don't want problems and we are happy with our present state. anyway has BABA FELA has already said my people dey fear too much dem no wan die, i will say if there is nothing worth dieing for there is no reason for our existence afterall all we need is food, clothing and shelter all other things are just additions to quality of life. SO FOLLOW NIGERIANS LET US TAKE A STAND AND PUSH THIS CURRUPT GOVERNMENT OUT OF OUR SYSTEM because they have no clue of how things should work.

This can simply be described as barbaric...A clear demonstration of Man's inhumanity to Man; the manifestation of the End-time. People no longer respect the will of God; they take fellow people's lives at will. This is a clear confirmation of gross insecurity in the country. One thing is sure; the perpetrators of this inhuman act will surely acquire the wrath of God;

for they too will surely die (any how) one day, and face God's judgment. They are foolish and irresponsible. May the souls of the departed rest in perfect peace... Amen.

I AM UGOCHUKWU, BUT ALL I HAVE TO SAY IS THAT WHAT EVER A MAN SOEW , SO SHALL HE REAP. THOSE WHO THINK THAT THEY CAN FINISH THEIR FELLOW HUMAN LIFE JUST BECAUSE OF MONEY, THEY SHOULD ALSO BE AWARE THAT THE LIFE DOES NOT BELONG TO THEM, AND ALSO ONE DAY THEY WILL ALSO LEAVE THIS WORLD AND THEN WHAT WILL BE THEIR GAIN FOR THE BAD THINGS THEY DID BECAUSE OF MONEY. I KNOW THAT THINGS ARE BAD IN OUR COUNTRY NIGERIA,BUT THEY SHOULD GO AND ATTACK THOSE THIEFS WE HAS AS LEADERS,INSTEAD OF KILLING THEIR FELLOW POOR NIGERIANS, BECAUSE SO CALL OUR LEADERS ARE NOT AFTER THEIR FELLOW NIGERIANS,, ALL THEY ARE AFTER IS HOW TO SHARE OUR OIL MONEY AND TO OWN HOUSES IN DIFFRENT COUNTRY ALL OVER THE WORLD, AND TO KEEP MONEY FOR THEIR GRAND,GRAND CHILDREN, WHILE THOSE THAT LIVES NOW ARE DIEYING OF HUNGER.. FELA WAS SAYING ALL THESE WHEN HE WAS ALIVE CONCERN ARRANGEMENT GOVERNMENT WHICH WE HAVE ,BUT FELLOW NIGERIANS DO NOT UNDERSTAND HIM WELL.. IT WILL NOT END UNTILL ME AND YOU AS A NIGERIANS WILL GET UP ONE DAY AND FIGHT FOR OUR RIGHT. THEN THERE WILL BE CHANGE .IF NOT NOTTING GOOD WILL HAPPEN IN NIGERIA JUST BAD THINGS .I SEE THAT NO BODY WANT TO DIE BUT EVERY BODY WANT TO GO HEAVEN HOW IS POSSIBLE?

AND TAKE TO THIER HEELS, I WISH I COULD BECOME A TERRORIST I WILL STAND AT NOTHING BUT TO EXECUTE THE POLICE AND ALL THE LEADERS OF NIGERIA ONE BY ONE. OH GOD PLEASE SEE US THROUGH. MAY THE SOULS OF THE VICTIMS REST IN PERFECT PEACE. AND MAY THOSE BEHIND THIS NEVER FIND PEACE IN THIER LIFE, WHY NOT RUB THE LEADERS AND THE GOVERNMENT AND LEAVE THOSE STRIVING TO SUCEED IN LIFE ALONE, LOOK AT WHAT THEY HAVE DONE TO THIER POOR FELLOWS. indeed our government has failed .young men and women die avery day on nigeria libya rout just to escape the fustration .many give up on the sea to gabon,those who want to hold on to their mothers land are a step close to their ancestor. nigeria need a radical leader like those that brought significant chang to ghana.our tolerant has become that of a fool we nneed to rise if need be it ready to die.imagine those who manage to leave the country live like prisional on their coming back with the fear of beaing attack by robbers.

MAY THE DRIVER NEVER LIVE TO SEE PEACE HENCEFORTH AND THE HUDLUMS BE PAYED BACK WITH A MORE WORST SITUATION .

is a shame a month ago i pas throu benin lagos road i counted 34 checking points just for a distance of 350 km ,that originali was suppose to be 2.30mints jonney,but for the bad road and police collecting money on the road you could spent up to 6hours on the trip.big shame to nigeria.

"this is my humble opinion" It is quite frustrating how our minds and bodies had been weakened--probably from our TOO MUCH FAITH IN GOD AND NO WORKS attitude-- that we now just routinely pass every little thing to God to come down and solve them! I thought God said that HIS GRACE IS ENOUGH FOR US????????? Meaning we are capable of dealing with all these issues first handedly. Fellow NIGERIANS you must agree with me that it is time we all stand up for what we believe and re-define our Nation!!! Our Children will never forgive us!!! Posterity will condemn us!!! Heaven will question our faith!!!

We have to re-write this nation's history, not by sitting on our back side and cursing, not by running away to another man's land and vowing not to come back again, not by hypocrisy, not by waiting until our own brothers or sister had been killed,...etc..., but by calculated heroic efforts decorated with every aspect of bravery and patriotism. This my brethren is our only hope of LIBRARTION and most importantly that of our UN-BORN BABIE!!!!!!

WE RATHER DIE ON OUR FEETS FIGHTING FOR JUSTICE THAN ON OUR KNEES BEGGING!!!

There is no way anybody can carry out a successful robbery operation of this magnitude along Benin Ore exp except

(a) The Robbers are police men

(b)The Robbers are in consonance with the Police and Customs along that Express.

Legitimate bussiness men and traders find it deficult to transport legitimate goods along that road because of the activities of corrupt policemen and Custom officers who manufacture non existent offences just to extort weary travellers. May God accept these innocent souls into his bosom. The complicity of an informant in that bus should not be ruled out, as the Robbers may have resorted to this on finding out that their target was not on the Bus as planned and as such killed the informant along with some innocents. This Nigeria is a prison. The revolution is ripe. Like Wole Soyinka said in a recent save Nigeria rally in Abuja, " When you people are ready, let us go".

I can't quite place what you are upto: attention seeker or a catalyst??

You said 'on close scrutiny' meaning you could not instantly recognise or remember the pix.

You totally agreed that the incidence ocured last 2 years...meaning the pix is not a "bloody lie"

Even if it did happen last 2 years, the issue is that it did happen.

It can not be said that the site did anything wrong by bring it up because the perpetrators were yet to be arraign.

In forward moving countries, this kind of issue gets the headline of all local news until justice is served.

So please Mr. Fred Ebagua help the forum by adressing the issue of how quick we must accept and forget injustice.

OMG! I am shocked. What is happening in my country? The so called rich are just fighting with GoodLuck Jonathan over the presidential villa while the poor citizens perish. A society where money is worshipped , the high and mighty even our frustrating police men and women participates in robbery. Its an old story that we have all come to live with. The road in question is not Lagos-Benin expressway but one of those by-pass road used by the travelling since our lagos- benin expressway is not in a good condition. How much will it cost the F***king Nigeria Government to fix that road rather they steal millions of dollars to enrich themselves...

OHHH NIGERIA! I LOVE YOU BUT I HATE YOUR LEADERS WITH PASSION. THEY IRRITATE ME. THEY ARE ALL BUNCH OF LIARS FULL OF SHIT. THE BLOOD OF THIS DEAD NIGERIANS WILL CRY TO GOD FOR VENGEANCE UPON THE PERPETRATORS OF THIS INHUMANE ACT AND THE LEADERS WILL SHARE FROM IT. THOSE WHO ATE THE MONEY THAT USED TO AWARD CONTRACTORS TO FIX THAT ROAD.

That movie District 9 described Nigeria as very bad people worse than the Nazis but most Nigerians were angry at the white man that produced the film. That picture shows what that film was trying to portray. Such barbaric act has not even happened in anywhere in the world. Is it not a big shame that country like Nigeria has been taken over by armed robbers calling themselves politicians. President smuggled in like a Umaru dikko and his wife cunning the country as if is the husbands private property. The Military should come back to untill good and capable Nigerians are ready to serve their people not going to steal Money

When a country punishes only the poor and treat people who are know thieves as Lords, I think this is just the beginning. When a country with wealth still begs for food and mosquito nets from abroad, common drugs (mostly generic or fake) to treat it's citizens, poor infrastructures and a greedy leadership, this is just the beginning. When the citizenry worship money and wealth instead of God and disrespect truth, one wonders what God we are invoking to punish these robbers when each an almost everyone of us is a robber. Nigerians know who these robbers, place a bounty on their heads today and they will be caught. All our mentality and lack of conscience has been tilted by the love of material over what should be deemed principle or honesty, at the pace we are moving, with nothing been done over youth unemployment, and the repairs of basic infrastructures for the commoner, the "animalistic" tendencies in man will be unleashed and God help any on the path of such animals. We have seen that western countries employ Psychiatrists in their countries to help people, when it was suggested that Psychiatric evaluation be carried out b4 people assume public office, the senate president who should have been the first on the chair refused and the public kept mute. If this killings were in a serious country, a state of emergency would have been declared and the robbers fished out. Here in devil head quarters called Nigeria, were money not deserved is spent on the societal "no good" called politicians, the evil and focusless pleb also thinking that this cannot happen to then, passively invokes God. Ride on Nigeria the laughing stuck of the world, the shame of the black race, ride on.

I find this totally appalling. However, such acts can't be ruled out in a country where everything is upside down. It's high time Nigerians at large speak up for their rights. Just knowing one of the people laying down helpless in cold blood could be your relative is enough cause for one to be scared. How do you explain the 12th largest producer of crude oil in the world being in fuel scarcity for 3 months and over while independent citizens have refineries in outside countries ? How on earth can you rationalise the common man not being able to afford a square meal in a day and some people send their pets overseas for medical check up ? Nigeria is in a state of Catastrophe. However, I'll have thought this kind of horror should be dishd out to friends/relatives of people in strategic positions (those who are responsible for the economic instability in Nigeria). I implore the masses to get their acts right, let's know who to direct our anger on. These are innocent poor citizens who have got no say on matters affecting Nigeria. Hence, they shouldn't be the ones to go through this barbaric treatment. Nigerians please take note. I seize this opportunity to express my heartfelt sympathy to the families of those affected. May the souls of these ones REST IN PERFECT PEACE, AMEN !!!

This is a clear indication of NIGERIA as a bad news. So much of so many bad, worse and ugly stories. Surely those of us who have escaped to even Ghana have a lot to thank God for! Until the Yorubas, the Ibos, the Edos, the Kanuris, the Hausas, the Fulanis etc stay apart, overhaul, and redesign their destinies, it will always be a tale of woe to another if all these cruel peoples still stay together, since all without prejudice, is guilty! The Drum is humming. That Nigeria, in all ramifications, is moving opposite the rest of the world! A big game for the West!

Well, This is the Dividend of Nigerian Democracy. Since the inception of all this Ritualist PDP leaders who are in Products of Ogboni, Amorc, Eckankar, OOO, etc, Nigeria has never been the same.

Myself, I have never and will never ever be in support of this Government as they Killers thems elves, Nigerian lost good leaders like Muhammadu Buhari/late Idiagbon led Government who not even canvassed for Security but we saw it to have been implemented.

I wish that God should destroy the current Nigeria as done to Sodom n Gomorah and rebuild a new Nigeria because with the Govt of the PDP, Nigeria remains a failed state till christ comes.

Myself I am happy that I am a born biafran and have no doubt that history must repeat itself in a more positive way for all biafrans one day.

All the evils hovering the Nigeria govt today is caused by the leadership of the high occult stupid leader who bedded his sons wife in the person of Obasanjo alias Monkey. His generation and generations to come must suffer his evil foundation.

May the lord almighty grant the souls of all that departed in this incident, eternal rest in his bosson and also grant the affected families the fortitude to bear the irreparable loss.

Shame to all the so called nigeria leaders.

What else could one expect from a country like nigeria, nothing good can ever come from nigeria under this present selfish, greedy and ignorance rulers at the helms of affairs in Nigeria . Nigeria is like a war torn zone, similar things like this happen unpublished ,with no one to be held responsible. I felt so bad whenever i come across things like this. i was once attacked by armed robbers. I left nigeria by the year 2000 an i return by 2007. i was robbed and my car taken at the sport, i escape with minor injuries, uptill date no news about the car or the culprit. i don't think i will ever visit Nigeria in the nearest future. There is no need to cast aspersions on the police, the leaders, other security agencies, for we deserve what we have but rather let us return back to God . The bible says in 2 Chro 7 vs 14: If my people, which are called by my name,will humble themselves, and pray, and seek my face,and turn from their wicked ways; then will I hear from heaven, and will forgive thier sin, and will heal their land. For those who have passed away, their blood will be required from the robbers if they(the robbers) don't repent, but they(the masacared) will surely give account of their deeds to GOD. For those of us still alive to make this comment, let us make peace with God, and continue to pray for our leaders. "GOD BLESS NIGERIA".

Our leaders are busy looting the treasury on a daily basis while millions wallow in abject poverty, and government tells the world all is well. The perpetrators of this gruesome evil shall know no peace till the end of their lives. All selfish, greedy, and ungodly leaders in our country shall experience double portion of suffering and loss. What a tragedy, my prayers goes to the family and friends that lost their loved ones, relatives, mother, uncle, father, son, daughters. May God give them strenght to carry on but to our leaders, may they die horribly more than these people, Our leaders can provide strong security to bring in dead Yara Dua but no security to secure the life of masses. I thank God for Yara Dua's sickness atleast his suffering and weeping all day, atleast his feeling the pains too.

Without been told, this is not just common criminals but our force men, police and army must be involved in this if not how come? where does their weapon came from? Where did they pass to get that spot? Police and army can never deny this.

I pray that property of the innocent people they stole must cause a serious problem between themselves and must result shooting themselves. If those thieves were doing it because of condition, the number of people wasted here will not be wasted in an attempt to steal from Government house where they share our money into their private accounts. I still suspect the Housa's on this because they are trying all their possible best to bring down Goodluck.

It will never go well for Currup Nigerian Policemen and Currup Nigerian Politicians. It will never go well for any Nigerian who spill the Blood of the Innocent in that land.

The Nigerian Police Force is like a malignant cancer eating up and distroying the Economy, Polity and Social life of that Nation. Many Nigerians have suffered worse injustice and brutality in the hands of men of the nigerian police than in the hands of civilian armed robbers!.

I can bet you that those armed robbers where Police Men in disguise. Police road blocks are on every kilometer of that Benin Expressroad, how then could armed robbers have time to rape women, steal from everybody and execute such gruesome malady. It would have taken them at least one hour to do all that.

I myself have been a victim of Police Robbery under gun point on two occasions when i returned to Nigeria. On this same Benin Express road before Ore where i and my Conductor had to spend the night on top of my truck which had broken down as a result of bad road, at about midnight men of the Nigerian Police came in their Toyota Algon Jeep, they tried to break into the my loaded Sea Container on the Truck. They left after several trial. To our surprise they came back 20 minutes later with Drums and sucked every liter of Diesel in the Truck. We were right on top of the Truck praying not to be detected.This happened in 2002.

In 2000 at Egbu in Imo state the Men of the Nigerian Police stoped me while i was driving my shipped in Nissan Bus fully loaded. They took off with the Bus after i had shown them all papers. They cuffed me and dumped me in the back of their Police jeep from around 6.30 PM till 10.00PM. Around after 10 PM they took me to that river valley at Awaka, between Egbu and Emekuku, I was brought out of the Jeep. The Commanding Officer summarily declared me an armed robber and ordered his men to execute me, but God rescued me.

In January 2010, at Umuahia, an Ex-Commosioner of Police inmo State, Mr. Ilozuroke ordered men of the Nigerian Police Force Zone 9, and the Special Anti-Robbery Squad (SARS) Umuahia, Abia State, to shoot and Kill me because i refused to sell my house to him. This is a house where i and my family live!. His men from SARS ans Zone 9 has done every unimaginable thing to me and my Family. They storm my house at their will in the dead hours of the night. They break my walls at their will. They arrest, molest and detain my little children at their will. they rape my house helps at their will. they beat my wife and throw her cooking pot of food away at their will. But one day their cup will be full. This is my house which i started building from mud in 1995 on my own land which i inherited from my own father, this is where i, my six children, my wife and two lady house helps live!. God will bring disgrace and calamity on men of the Nigerian Police Force for the Evil and Wickedness which they exhibit upon innocent Nigerians. themselves and their entire family and generations will not go unpunished for the blood of the innocent they shed.

Who do you blame for such activities? I blame the system (Government) It's high time Nigerians wake up. How can there be security when all arms of the law (Police/Army/Navy) are more or less ghosts in the Nation. I leave in disporal with my family and seeing such events occuring only means 1 thing (Never Return Home).

Robbers are every where especially here in the Western World but the effectiveness of the arms of the law (Police/Army/Navy) streamlines there activities. Imagine a Major express road without security.

May the innocent citizens soul's rest in peace and may the souls of the innocent living in Nigeria also rest in peace because i've not yet seen a nation to compare to the backwardness of that failed heart nation who's Giant is now a mere Midget compaired to other Nations....

The driver is the greatest culprit, why did he not choose to die (assuming he is not dead too) instead of such a barbaric act. The robbers would have shot him after this act too which is same as being shot for refusing to do that. If he is still alive now forever himself and his family will live in perpetual misery. This act will hunt him and his family for life.

this is wickedness from the bottom of hell. why wouldn't the robbers shoot them by themselves? they successfully avoided the blood of these people and transferred the blood guiltiness to the driver who has been commissioned to take them to their destinations only to turn to be their killer. is this driver alive? did he look back after running over these people? has he reported himself to the nearest police station? "those that had nothing were lined up face down and driver commanded to run over them" by this action, did the robbers get more booties? "wonders shall never end" but unfortunately the wonders we experience in this country are anti positive wonders because from the lowest elected post to the highest is sick, corrupt, wicked, selfish, inhuman, sit tightness, power intoxicatedness and oh what occultic individuals. non of the ministers, governors, commissioners, judges, lg chairmen, academics, igp, digs, military personnel, workers, students etc will protest/resign on account of this incident demanding immediate investigation and speedy justice. this is mass murder and not an accident. did these robbers come from the blues? don't they know that there is poverty in the land? nigeria is the most blessed country in this planet earth but alas nigeria, if the resources bestowed on were bestowed on other african national in particular, africa would have long overtaken the rest of the world. this a never heard-of incident. nigerians leaders wake up, wake up for there is trouble in the land. God, pls grant the souls of this people eternal rest in your kingdom and for their families and loved ones, guide them aright. for nigerians and leaders, wealth is not to die, power is not to die, service is not to die, there should be nothing like "i must serve my people" you don't kill to serve your people. for this incident, shame on the nigerian leadership and the police and other security out fits, big shame.

It will never go well for Corrupt Nigerian Policemen and Corrupt Nigerian Politicians. It will never go well for any Nigerian who spill the Blood of the Innocent in that land.

The Nigerian Police Force is like a malignant cancer eating up and destroying the Economy, Polity and Social life of that Nation. Many Nigerians have suffered worse injustice and brutality in the hands of men of the nigerian police than in the hands of civilian armed robbers!.

I can bet you that those armed robbers where Police Men in disguise. Police road blocks are on every kilometer of that Benin Expressroad, how then could armed robbers have time to rape women, steal from everybody and execute such gruesome malady. It would have taken them at least one hour to do all that.

I will not rush to Jurgement,because of the Nature of the picture,I am a Nigerian,to me the picture looks as an accident scene,this bus was parking by the side of the road,or have a brakedown,and the decending passangers are made to stand on the road side and was either hit by a comming vehichles or probably a trailer who mistake them for Armed robbers blocking the Road,I have a simillar experience in Abuja okenne road in 2005 December,our bus stopped in the midle of the night at about 2 am,on hearing the news that there were armed men on the road,everybody was like staying by the road side I told them its better to stay in the bus,I was nearly mob,the people saying maybe am one of the amred robbers,if not for my ID card I will have been a victim,as we are debating,a trailer missed us ,But if the situation is true,that this really happened,you dont need to look far,The Nigerian police knows them so there is need to look far,all robbery details are know to Nigeria police.I pray the Family of this ugly incident take heart.

It is unfortunate. The Driver of that bus is a coward. Why did he do it? He should have allowed them to run over the people by themselves. Now the blood of these innocent people are on his head. Even if they killed him too he will answer for the peole he killed. He should have refused to do it at most they will kill him and he become a mattter. May their souls rest in peace.

this is wickedness from the bottom of hell. why wouldn't the robbers shoot them by themselves? they successfully avoided the blood of these people and transferred the blood guiltiness to the driver who has been commissioned to take them to their destinations only to turn to be their killer. is this driver alive? did he look back after running over these people? has he reported himself to the nearest police station? "those that had nothing were lined up face down and driver commanded to run over them" by this action, did the robbers get more booties? "wonders shall never end" but unfortunately the wonders we experience in this country are anti positive wonders because from the lowest elected post to the highest is sick, corrupt, wicked, selfish, inhuman, sit tightness, power intoxicatedness and oh what occultic individuals. non of the ministers, governors, commissioners, judges, lg chairmen, academics, igp, digs, military personnel, workers, students etc will protest/resign on account of this incident demanding immediate investigation and speedy justice. this is mass murder and not an accident. did these robbers come from the blues? don't they know that there is poverty in the land? nigeria is the most blessed country in this planet earth but alas nigeria, if the resources bestowed on were bestowed on other african national in particular, africa would have long overtaken the rest of the world. this a never heard-of incident. nigerians leaders wake up, wake up for there is trouble in the land. God, pls grant the souls of this people eternal rest in your kingdom and for their families and loved ones, guide them aright. for nigerians and leaders, wealth is not do or die., power is not do or die, service is not do or die, there should be nothing like "i must serve my people" you don't kill to serve your people. for this incident, shame on the nigerian leadership and the police and other security out fits, big shame.

As far as am concern, there is nothing like police in Nigeria. Shame to Nigeria. A country were they gives drive license as birthday gift. A country were one person have up to five driver license with different names and date of birth. A country were there is no record, no proof of address no identity. A country were any body can walk in and get him or her self passport with out much delay. Once you have your money to bribe, every thing goes even if u kill. A country were there is no law, no hope what else do u expect?

Is this what we meant by Democracy? I suggest Military should take over!!!

As for the departed may their soul rest in peace. As for the robbers and the driver, God do not give them peace and do not allow them to die easily.

This is ridiculous..Let come to think about these fact. A country so called Nigeria does not have an identity to prove our nationality. Some shit will come into our country without going back for 20 years no passport no visa, but they can stay as long as they want. We never one day hear or see in the news that Nigerians police are checking people who are foreigners to see if they have passport either when they pass they will attention for them.

I Steve pray to God that as many are there who terrible, awful, appalling, frightful; hideous, grim, ghastly, shocking, revolting, repulsive, horrid, horrendous, horrifying, repellent both the government or individual shall also die in these formula. May the soul of unlucky ones rest in perfect peace.

Remember that God has said it, he who killed by rod shall also be kill by rod. This is a simple equation; you cannot run for it wherever you are the rot of GOD will come upon you all. To Nigeria government.....you all need to wake up otherwise...

It will be too terrible for you all.

"Horror along lagos- benin expressway!!! Man's inhumanity to man. A bus was ambushed by armed robbers, the passengers were robbed and raped, those that had nothing to give were asked to lie down on the road face down and the driver oln gun point was commanded by the robbers to drive the bus over them!!!! Will send pics as proof!!!! We need to really pray for ourselves n our loved ones Sent from my BlackBerry® smartphone from Zain Nigeria But why?"

horror indeed and more if there is anything that can be more serious than horrible sight, pls use it. somebody came to my office and made a comment about this incident. his comment: "the truth about this accident has been revealed" after investigation? i asked, no, he answered. he said a colleague of his wife's friend who was returning to benin from lagos told them the real thing that happened, the victim were going to lagos but were waylaid by armed robbers who ordered them to lie facing down. a luxurious bus coming from lagos on sighting the barricade made by the robbers went on full throttle and the result was the sorry sight left on that spot. from the extent of damage done to this people, it would have taken a speeding vehicle to do that extent of damage, if the assertion that after the operation that those who had nothing to give were lined up and the driver commanded at gun point to run over them the degree of damage wouldn't have been this much. there would have been a large separation btw the bus taken off and where the victim were line to achieve this carnage. this carnage is only achievable by an object in great motion, the narrow also mentioned that the probability was high that one of the robbers was among those killed. so this is an accident. it is a pity. may God grant their gentle souls eternal rest and the families the fortitude to ear the irreplaceable loss.

How can we have security in our Country Nigeria while our leaders are busy dragging every position concerning ASO,

And individuals are dying so mysteriously because of in security of our Country, they've taking all the position in ASO, FROM Aso Rock Aso Sand, Aso Water, Aso Land Aso Oil Aso Money and Aso E.T.C forgetting that those who elected them to the seat are not safe and fine in any area of living in this Country,

If the road where in order the robbers won't have stop the bus at the first place, the Company of that Bus should punish the Driver for taking such command from the Robbers for him to have his life,

This the most horrible incident i have ever witness in my life, it's very shocking.

Our Leaders should do something about that road and our security , OR anything can still happen,

The next time a robber is caught and I have the opportunity to be present "quote me any where I am so taking his or her life and face the consequence" The driver should be set ablaze so he would realize what PAIN feels like for having let those innocent customers of his face such a painful death. MAY GOD CURSE THE PLANNERS, PERPETRATORS, SUPPLIERS that led to the success of this act of inhumanity and also not forgetting their families may peace, joy and happiness never know them all the days of their lives.

NIGERIAN

SHOULD CROSS CHECK THEIR SECURITY MEN ON THE ROAD AND SCREENED DEM ALL OVER, THEY'RE AMONG THE ROBBERS,

WE DON'T HAVE TO BE SEARCHING FOR THEM WHILE THEY'RE IN OUR PERMS, OUR GOVERNMENT SHOULD NOT CONTINUE IN DARK AND START SEEN THE LIGHT NOW,

THEY ARE SOME CRIMINALS THAT OUR GOVERNMENT RECRUITED AS AN OFFICERS AND THEY'RE SOME WHO JOIN THE FORCE TO BE RUBBING PEOPLE SO THAT THEY CAN NOT BE TRACED BECAUSE OF THE UNIFORM,

ALMOST ALL THE ATTACK THAT TOOK PLACE IT'S EITHER THE POLICE JOINT OR NEAR ANY POLICE JOINT, THE VERY DAY THE AMBUSH WILL BE LAY THERE, THEY WILL TELL YOU THAT THEY WERE IN SOME OTHER AREA,

BECAUSE ONE OF THEM HAS SNIKK OUT AND INFORM THE ROBBERS TO GO THERE AND MOUNT THE OPERATION AS WE ARE NOT COMING NEAR TO THE AREA,

THEN THE ROBBERS WILL GO THERE AND PRETEND TO BE THE USUAL POLICE PEOPLE WHO ALWAYS THERE FOR SECURITY AND STOP THE BUSES ALSO RUB THEM, WHILE THE POLICE SHOW AFTER THE OPERATION,

SO MY STORY IS FOR OUR GOVERNMENT TO KNOW THE HISTORY OF ANY PERSON THAT THEY WANT TO RECRUIT AS A SECURITY MEN, WHAT EAT THE LEAFS STAY RIGHT THERE IN THE LEAF,

OUR GOVERNMENT SHOULD BE WARN ABOUT THIS,

what can i say, (Psalm 91 vs 1 & 5) says "He that dwelleth in the secret place of the most high, shall abide under the shadow of the Almighty. Vs 5 - I shall not be afraid for the terror by night; nor for the arrow that flieth by day. we all know now that there are calamity roaming in the air, the nation is sick that we cannot even see it to ascertain or daigonise the ailment. But those that do know their God shall be strong and exploit, all this happening are devil setups and manipulations. children of God do not let your faith wax cold, infact this is time to sit up, if you cannot pray, sing and worship the Lord in the Beauty of His Holyness, He will surely come down for His people, He will set his people free. Isaiah 49 vs 23 - 26. all those that are behind the evil act at Lagos - Benin road shall surely be visited by the wrath of God. it is not because the country is sick that pushed them into taken another people's lives, its just because they lack the fear of God in them. if they has asked themselves this question, (IT COULD HAVE BEEN ME). they ll not raise any hand on Gods creature how much butchering them like animal. God will not spare. the soul that sinneth shall surely die. it has come to climax. children of God beware and be careful, devil is going about looking for who to devour, do not give him chance. do not fear at the look of things, God Almighty is in control. 49

Hope this email gets to you as it is the third time I am sending it to you.

I have tried without success to locate either your contact address or phone number and as such I resorted to email which is an unconventional way of relaying an important message such as this.

We are conducting a standard process investigation/Recommendation on behalf of African Development Bank Group (ADB), The African Investment Banking Conglomerate. This investigation is about an account holder (Name Withheld) who bears same surname with you and the circumstances surrounding his investments at ADB Invest Account, the Investment arm of African Development Bank Group.

The ADB Private Investment client died intestate and nominated no successor in title over his investments made at the bank amounting to over 7,000,000 in United States currency. The essence of this communication is to request that you provide us information/comments on any or all of the four issues as regards nominating you to inherit the fund left behind by this client.

Your answers and response(s) to the questions raised below will determine our recommendation to the ADB towards legally appointing you to inherit this investment fund after certified investigation has yielded results showing that there is no known relation of the deceased client.

1-Are you aware of any relative/relation born on the 2nd of February 1951, who bears your same surname whose last known contact address was Angola?

2-Are you aware of any investment of considerable value made by such a person at the ADB Bank Group?

3-Can you confirm your willingness to accept this inheritance if you are legally and legitimately appointed?

4-Would you agree to donate part of this inheritance to charity if you are officially approved to stand as the inheritor?

It is pertinent that you inform us ASAP whether or not you are familiar with this personality or and your interest towards the issues mentioned.You must appreciate that we are constrained from providing you with more detailed information at this point. We will provide you with additional information upon receipt of your response to this email:jheade45@gmail.com

Nigerians are no longer interested in how you make your money but happy that you have made it.

Look at all the innocent souls that have have been wasted in the name of getting rich.

All the Nigerian police should be dismissed with a new bunch of men who are willing to serve the nation and the people.

How could all these things be happening while our so called police are after Roja.

They can see wherever they are right now what they did to their fellow citizens just for the sake of money. They should not believe they will go with it or unpunished. I feel so depressed and sad by such photos, and i pray may God give the families of the victims the mind to bear such unbearable pains. I was ashamed of my country for my white wife to see such photos and asked questions i could not be able to answer due to these photo. I think of selling my citizenship (Nigerian) if possible and never to step in to such country called Nigeria, with poor reputation, unscrupulous elements, carnivore and lunatic asylum. I wish the citizens can have their way out of such country of paradox to Europe for better life and safe.

What a shame to Nigeria, but I have I question to ask the police, are they not patrolling in that road? Before the robbers could rob and raped the passengers where are the police, or is it just to collect money from poor motorist that they all where their for? Ho is too bad for the poor once not to have rest of mind any more. Because when our so called leaders are passing they will go on convoy why not go alone and see what the poor once are facing. Meanwhile, I don't blame them is the poor masses that will still vote for them to be enriching themselves and forget about the masses who risk their precious life to vote for the thieves. If I must say that some of our so called police men will know about this incident because they are all one, don't tell me that before they get them robbed, raped even ask the stupid driver to driver on fellow human been like him, if the police are doing there job they could have run into the ugly incident. May god have mercy on us. As for the victims, may god grant them the heart to bear the pain of the mesterious dead of their love once; and know that god will soon bring an end to this wicked system of thing. Nigerians will have a very long way to goooooooooooooooooooooooooooooo.

This is really unbelievable and unacceptable to the people of Nigeria, that someone will subject a fellow human being like himself to pass through this kind of murderous act.

As much as its obvious that we don't have functional government that has the interest of the citizens at heat. one can not expect actions less than this.

Lets come to look at it very well

We have too many bad roads especially Benin Ore Road/Lagos - Ijebu Ode road

that particular road has take millions of lives, an its has not dawn on the government yet to do something about that road

People are not working, no jobs, very low standard of living, these are reasons why people take up robberies as a profession and graduate every day on it

Again, Lack of security and not enough check points on that road

May we all join hands to pray for the souls of the victim of this carnage. may there souls rest in perfect peace Amen

Government should be ashamed of itself and do more to save life and properties and eat less of our money

People must always something to air when actions like this happen! As Igbo guy I am , I remember when my grand-ma use to tell us a story about the rat, when dried fish is been inside the cage, the rat eats it , when "Ogiri" a fermented melon seed is left inside the cage, the rat also eats it! The Rat we have in Nigeria are the "Police" I am absolutely sure that their hand must be included in perpetrating this act of evil. I read recently were 9 police men who were caught on of action that was contrary to the code of conduct were paraded in Lagos! I am sure their evil group must have done this for revenge of shame brought against their gang. The Government should fish them out! Oh Brigadier Tunde Idiagbon, may your soul rest in peace! He was my hero, only him who have brought certainty in the area of governance in Nigeria, having introduce" Indiscipline" as an offensive act . Our country is not yet for democracy, I think it would be right if "demo-Military" could be allowed to be a system of rule such that the army will have room to monitor the three arms of Government (a)The Judiciary, (b)The Legislature (3)The Executive. A normal thief I guess can not go towards this extent, except if there is danger against his side, the act could come as a result of him(gangs) running away for them not to be apprehended ! This act by my own way of justification portrays "REVENGE" Ogbonnaya Onovo , you have to fish -out those who indulged in this act or else question will arise in the future! This I repeat again, its police act of REVENGE!!!!!!!!! It absolutely defines REVENGE by those who are carriers of Gun legally, and that is POLICE.

My greatest surprised is that on the same road there are numbers of police men in short distance but are busy looking for what they will get from drivers, they are using the gun given to them only to threaten inocent civilians, so where are they when all this happened?

Honestly this is a shame. The gruesome murder is a living example of a contry that has reached its elastic limit. What is the need pretending that we are one when it is obvious we are not One.

I live in Europe where all states have their own policemen , pay them and take care of them. National Police won't be th solution. We need police where all states will take care of their police officers to ensure effective monitoring.

Nigerian Higghway are supposed to manned by stern looking and eagle eyed police men and not the type we have out there. We really need police men that worth the job and not putting in job seeking officer or criminals who hide under the uniform to commit crime.

Something must be done about our roads. How can you imagine or say of an 80yr old man whom they will give contract to do the roads and he will keep the money and leaving the road in a bad shape. How many years will the fool live on earth. I know that the contract was given to one Anenih and he did not do th job. If the roads are okay with highway patrol , the robbers will not hve a field day robbing , raping(giving disease t innocent people) and killing people in a rambo style.

The police will have kudos and have their name written in gold if they will do this one favour of bringing all these robbers to limelight. Because this is a show of shame. If they have robbed alone , it could have been attributed to hardship. Robbing, raping and killing is no longer hardship but mans inhumanity to man. God save all of us.

A Country of over 150 million in population, no security and protection and the vast resources that is available.Shame to the Security Apparatus in Nigeria from the top to the bottom. My heart is bleeding with tears and I know the armed robbers will never escape being caught some day. It is a bizzare to watch this pictures depicting the kind of Country and people we are.

the people that posted this thing on the the internet are one of the real enemies of nigeria,i am not against disseminating news that concerns to our security but that shouldnt be done on falshood.my fellow nigerians ask yourselves why it only this media that has this news while there is the sun news papers,vanguards,tribune,punch,champion,thisday and host of other news papers and magazines,this shows that the media house that posted this thing to the internet can not compete among other news media,you guys better look for something better to do than beign busy for nothing. just look at the timing of posting of this kind of horrific sight on the internet,just when nigeria is trying to remove its name from the list of terrorist country.

i know about this story because it happened since 2003 and i was at the wake keeping ceremony of one the victims in lagos.the armed robbers did not order the luxurious bus driver to crush them by driving on them neither was it the luxurious bus that crushed them.the robber have no intention of dealing with them that way but it just happened because about 3 suvivours who came to the wake keeping narrated the whole story and how it happened to the general public that was at the wake keeping,infact they said the robbers felt very sorry and did not rob again as they left the scen of the robbery imidiately.

this armed robbers ordered them to lie down on the main road while they mount a road block behind the victims stoping other vehicles but there is this other lorry that refuses to stop for the armed robbers smashing their road blocks,ran over the victims while trying to escape and killed them.i wish that those armed robbers were caught make them to confess thier atrocities and be excuted by firing squad in the public and be shown in all the television stations in nigeria

i am not an armed robber or a relative of any armed robber but we should all ways say the truth at any time,i hate armed robbers to the core because i have all so been a victim of robbery, 2 of my close friends were killed by armed robbers.the federal ministry of works that have refuse to make that road motorable just because it in the south and mostly ply by the biafran and the nigerian police,ondo and edo state police command who this incident happened within their jurisdiction should be made to face prosecution and all so pay adquate compensations to victims families and as for our greedy,currupted,uccultic,heartless and demonic leaders, "holyghost fire will consume all of them in jesus name.

please, the nigerian media try not potray us as a barbarians and terrorist to the outside world again more especialy now that we are trying to redem our image internationally,we nigerians that are abroad and those poor nigerians seeking visa to travel outside the country where they can find a job to better thier lives and families are the ones suffering for this kind of falshood that you published to the entire world.

one love my fellow good nigerians, as for our dealers and not leaders thier punishment will soon come on a good day when god will send the messaih that this country need,some of this our present and past leader from local government supervisor to the president and some ambassadors and consulars who where meant to protect us abroad but join their host countries to punish innocent nigerians god will punish them all.when the god sent nigerian leader will come they will try to escape into exile but will not succed,even the ones who were outside nigerian will extradited to face their judgments and rewards of their evil.

GOD IS SO MERCIFUL THAT I CANT ASSURE ANYONE THAT HE WILL PUNISH THE DOER(S) OF THIS EVIL, HE IS SO SILENT THAT NO ONE CAN BOAST OF HIM AVENGING THE DEAD, WHAT A GOD?

NIGERIA IS SMALL BUT ONE PRESIDENT CANT GOVERN IT, BIG THAT THE MOST POPULATED COUNTRY MEANS NOTHING IN HER FACE, WHAT CAN WE SAY ABOUT YOU?

I WAS GOING THIS MORNING TO MY PLACE OF HURLSLING WHEN I WAS MET WITH THIS HORRIBLE SCENE OF A YOUNG MAN BEATING TO DEATH BY SOME PEOPLE AFTER HE WAS PROVED TO BE A ROBBER. I CAME OUT OF A PRIMARY SCHOOL AFTER BEEN DEPRIVED OF HAVING SOME MINUTES EXERCISE WHEN I MENTIONED THE SCENE TO A BROTHER WHO THENAFTER INFORMED ME OF THIS WICKED SCENE OF WHAT SOME BROS ANS SISTERS HAD TO PASS THRU BEFORE LETTING OUT THEIR GHOST PAINFULLY ONLY ON THE ACCOUNT THAT THEY WERE POSSESSING NOTHING WORTH STEALING ON THEM DURING AN ARMED ROBBERY EXERCISE.

ROBBERS PLEASE BE MERCIFUL, NO ONE WILL LIKE TO SEE YOU SUFFERING OF BEATING, MIMMING AND THE LIKES IF YOU ARE ONE DAY CAUGHT IN THIS DIRTY ACT WITHOUT WEEPING THE WOMANHOOD BIRTH PAIN OF CHILD LABOUR, YET YOU ARE ALWAYS GOING OUT OF LIMIT WHEN YOU SEE PEOPLE DISAPPOINTING YOUR EXPECTATIONS, REMEMBER, YOU ARE POORER THAT YOUR VICTIMS. I WISH TO SAY MORE CONVINCING WORDS TO SEE ALL OF YOU LEAVING THIS EVIL JOB FOR A CLEANER ONE BUT I KNOW I CANT, BUT PLEASE AND PLEASE, WE ARE ALWAYS SHAMEFUL OF BEING A NIGERIAN WHEN WE ARE ABROAD AND DO PREFER TO CLAIM BEING AN AFGAN AT LEAST BECAUSE OF THE NEWS ON NIGERIAN AND NIGERIANS, PLEASE DONT ADD THIS SCENES OF HORRIBLE EVILS AND WICKEDNESS TO OUR SALE (DIRTY) REPUTATION FOR GOD SAKE!

I KNOW THE ROBBERS ARE EITHER CHRISTIANS OR MUSLIMS BUT AT LEAST TRY AND OBEY THE PARTS OF THE HOLY BOOKS THAT CALL FOR THE RESPECT OF HUMAN LIVES IF AT LEAST YOU CANT OBEY THE FULL VERSIONS OF THE COMMANDMENTS. IT MAY BE FUNNY TO SEE SUCH SCENES AND AMUSING TO YOU BUT PUT YOUR MOTHER, FATHER, SISTER, BROTHER OR CHILD IN PLACE OF ONE OF THESE POOR VICTIMS, HOW WILL YOU FEEL? DOING EVIL IS AMUSING TO THE DOER BUT, GOD MAY VINDICATE THE VICTIM WHEN YOU ARE NOT EXPECTING!

YOUR ACT IS AFFECTING THE POOR DRIVER'S REPUTATION AND GOODWILL HAS PEOLE WILL NOT CEASE TO MENTION HIM IN THE CURSES AND DOOMING, AN INNOCENT VICTIM THAT HAS TO LIVE ALL HIS LIFE IMAGINING THE HORRIBLE SCENE AND HIS INTIMIDATED PART IN PUTTING AN END TO THE LIVES OF PEOPLE THAT INITIALLY TRUSTED HIM WITH THEIR LIVES BUT UNFORTUNATELY SAW THEIR LIVES ENDED BY HIM. THIS IS GREATLY PATHATIC, HEINOUS, WICKED, SHAMEFUL AND ALL SORTS OF BAD, SHAMEFUL AND WICKED ADJECTIVES.

I WISH I PREACH TO YOU BUT GOD IS THE PREACHER. ROBBERS, GO AND CLOSE YOURSELVES INDOOR MEDITATING YOUR BIBLE IN THE BEST UNDERSTANDABLE LANGUAGE TO YOU AND REPENT OF YOUR EVILS ACTS AND WAYS, GOD LOVES YOU.

I LOVE YOU, BUT CHRIST HAS LOVED YOU BEFORE ME AND GOD LOVES YOU MOST BUT HE IS NOT PLEASED WITH YOUR WICKNESS AND EVIL DEALINGS.

MAY THE PEACE OF GOD REIGN IN NIGERIA, GOOD NIGERIANS WILL NEVER CEASE PRAYING FOR HER, ONLY THAT EVILS ONES WILL NEVER STOP TO PROVE THE GOOD AND FAITHFUL ONES WRONG.

Dear God,

How long will you look on while the wicked destroy your people? Occult men and women have taken over governance in Nigeria and wickedness and embezzlement became the order of the day. Crimes and corruption therefore, flows in the blood streams of our youths because the government threw them out on the streets to eke living for themselves. Brutality, prostitution and blood-sucking becomes the in thing. The innocence, godly, defenseless and harmless citizens are reaping sorrows everyday they turn.

God, stand up against this man's inhumanity to man! You promised us that the wicked shall never go unpunished! They have taken away the lives of our youths! Amongst them were leaders of tomorrow, bread winners and fishers of men. Lives were suddenly taken away from them in a most ugly circumstance.

God, when the blood of Abel cried unto you from the ground (earth), you did not keep quit. In this massacre and festival of blood which was done in your sight, God, do not keep silent. Their cups are over filled and your wrath is unbearable! Vengeance belongs to you, to you alone! Give them, Oh Lord, the measures they deserve and be merciless to their respective families.

The evil mandators have succeeded in killing their bodies. Their souls belong to you. May their souls and the souls of all the faithful departed, through your mercy, may they rest in perfect peace.

ETERNAL REST GRANT THEM, OH LORD!

You see this is a big shame dishonor lawlessness loveless among all Nigerian citizens how can a driver be at a gun point kill his country brothers all just to save his own life prefer to see him self leave than more should live.any way it was once said by a ruler of so called Nigeria if every body die remaining him and his families member he will be ok and that is exactly what has happened here.

2.What are the so called Nigeria police force doing during the curse of this incident where were they?you it is clear to all Nigerians we are not fighting war but see the way people are dieing as if the country is fighting wars.it is right time for every Nigerian to stand up and fight.fight the government the so call police collecting money from drivers and traders traveling along the Lagos Benin express way we need freedom enough of the humiliation from the police and so called armed robbers who are the armed robbers the police the army and the presidency they are all armed robbers that is why a nation that it president could be out of sit for past 3months and was back into the nation with blackout without no body see him not even the vice to him Nigerian brothers we are not fellows but we are brothers.Fela anikulakpo kuti once said it in one of his music that we fear to die mam dey for house and papa dey for i get one child.My brothers see us people are dieing with war it is time we need peace and harmony we need freedom we need our right.not only algejeera will show this but the whole world media will have this for them to see what Nigerians are passing through in front of their government.

First of all, to begin with Nigeria as a country lack security, all the security bodies we have in Nigeria are not capable of discharging their duties.

in a country where there is solid security this kind of mess can not happen.

in all what pains me most is that the so called armed robbers themselves lack sense, because the president, ministers, governors, chairmen, reps, commissioners, banks all the top politician who steal Nigeria money all the name of politics are there to be robbed instead wasting your time on the high ways busy collecting N20 and killing poor people. may their souls rest in perfect peace.(amen)

Broders, una wen dey do all this rubbish make we try charge. i beg una coz una just dey wast poor people lives. our big politicians like them OBJ, IBB all of them wen they their our money una no fit g oshow una dirty talent. una wen do all dis thing if ur broda dey among them how u go feel ? tell me broda

make we try charge i beg ooooooooooooooooooooo

No police, no law and order, when in town its like you are in Iraq (WAR ZONE) The lifestyle is second to rubbish, the rich think they are enjoying but in reality they are dying, no good insurance policy for your kids just to say a few, where do i start? where do stop?

Those that committed this inhuman acts will leave to reap their rewards, in JESUS NAME.....

Hello Nigerians, how wicked we are, when will all these stories end in our country? Hope we have leaders and securities where are they and poor people are suffering helplessly? The group of people that done this, hope they are our brothers living with us? May God Almighty see them and their evils. May the blood that they wast, which they can not produced a drop of it continue been after them in the name of Jesus.

And may the death have a perfect peace in the right hand of the lord till get their and live with them.

heeeeeeeeeeeeeey oh God, can we be saved? what is happening to us Nigerians? are we heading to doom or mass destruction? what a world we live in and the people that called themselves our leaders, i pray that Shame and unstoppable tears shall befall on them one by one starting from the man in charge of security in Nigeria. Do we really have security in this God forsaking nation Nigerian? Why won't this happen when the man in charge of security in Nigeria was busy arranging secretly with the president wife Turai for the illegal smuggling of a whole president of Nigeria without the proper way. He is over their smuggling one person because of the huge amount of money he will get from the wife of the president Turai while poor and innocent well citizens of Nigeria are encountering painful death hoping to be saved but couldn't. As far as am concerned we do not have security in Nigeria all we have is bunch of idiots calling them selves police or securities. Blocking every junction, arresting and killing innocent citizens while the main killers are out their executing helpless people painfully. Only God will punish all ye Nigerian security officers and i pray one day members of your families shall be a victim, then you God forsaken people will wake up and stop bribery and corruption that you guys engulfed yourselves with. May the punishment and wrath of God without mercy be upon those killers that did this forever and ever, I pray and so shall it be... Amen

This photo more than describe the present situation and possibly the future of the country called Nigeria. We Nigerians must stop blaming the government, politicians and security officials for our nation predicaments. A typical Nigerian LOVES MONEY, FAME, PALATABLE LIFE STYLE. A NIGERIAN IS CORRUPT BY NATURE BECAUSE HE HAS SACRIFICES HIS HUMANITY AND AFRICANISM FOR SOME FOREIGN TOYS AND SHAKARA. EVEN A GATE MAN IN NIGERIA WILL TELL YOU THAT HIS MASTER IS NOT AT HOME UNLESS YOU GIVE HIM 50 NAIRA. DURING ELECTION, WE BARGAIN OUR VOTES FOR A MOTOR-CYCLE, A BAG OF SALT, A CUP OF RICE ETC. HOW DO YOU EXPECT THE POLITICIANS TO BE ANSWERABLE TO YOU WHEN HE HAS ALREADY SETTLE YOU BY BUYING YOUR VOTE? EVERYBODY IS CALLING ON GOD FOR DELIVERANCE, INSTEAD OF ENGAGING THEMSELVES IN SOMETHING PROFITABLE FOR THEMSELVES AND FOR THE COMMUNITY. GOD GIVE US BRAIN TO THINK, PROGRAMME AND REGULATE OUR LIFE, GIVE US HANDS AND LEG TO USE IN PROCURING OUR NEEDS, BUT WE FORGET THIS INSTEAD WE CONTINUE TO DISTURB THE OLD MAN WITH UNNECESSARY PRAYERS. WE HATE FARMING, WE HATE HARD WORK, (ANY BODY DOING IS A FOOL) WE DON'T THRIVE WITH PATIENCE TO REACH OUR GOALS, WE WANT EASY AND QUICK RICHNESS. ALTHOUGH WE ARE GOOD IN PRAYING GOD OUR REAL GOD IS MONEY. WE HAVE SACRIFICES OUR DEVELOPMENT IN THE ALTER OF MOLOG (SATAN) IN EXCHANGE FOR SOME GREEN BILLS. THIS PHOTO IS TELLING US TO CHANGE AND RETRACE OUR STEPS OTHERWISE WE WILL ENTER THE GATE OF BABYLON. THANKS.

'utterly barbaric' is this real...? i can't believe it... where and when in nigeria did it happen...? have the people responsible held accountable for this scene, heinous...! Unacceptable...!

Could anybody tell me how this scene is reflecting in a civilized Nigeria society ?

as usual showing a complete inability to respond.....

Human beings are existing without knowing why and without knowing where to go and much less even, if its worth while living, anyway.

So, when a distortion like this occurs, the society takes a shock, which shows that human cruelty has no limits and also debunks for a few moments on our hypocritical society founded on useless human values.

i cant do anything and neither could you.... but i don't want to hear, that we must have faith and pray for God to change the situation, cause if faith in God were the only thing to be done, Africa would have being the richest, in the world. It would be good to change our faith by attitude, stop sitting in the front of the chapel and take a walk to The Streets and start charging for our rights. Thats how to put faith into practice. I am ashamed of my country, nigeria.

VERY UNFORTUNATE POOR PEOPLE GOES ABOUT KILLING POOR PEOPLE, IT IS VERY SHAMEFUL FOR THESE IDIOTS TO HAVE DESTROYED POOR SOULS WHO STRUGGLES TO LIVE. This is a benchmark of poor leadership characterised by greed. When i said about 95% of nigerians are mad with 85% of the public office holders being psychopath. It is high time more psychiatric hospitals are built for these mentally sick nigerians. In fact every comprehensive health care centre should employ at least Clinical psychologist and forensic psychiatrist to assess the mental states of every nigerian.

Shame to the police, judiciary, legislators and the executives. Once again shame to you all. A-men.

A nigerian society that has been taken over by the cultists who consider themselves as semi-gods what do you expect when no morals, and respect for Jesus Christ is nothing to them. These are satan in high places therefore perpetuation of societal crimes are in their policies and procedures. But i want to assure you it wasn't like in Ghana when Daniel came to judgement in the person of Jerry Rawlings. I promise you it would not be long the sword of Almighty God will swing through as it did happen in the Land of sodom and Gomera. This is a clear indication nigerians have been living since ouster of Idiagbon/Buhari regime in 1984 with no functional police force, judiciary and the executive. It is very unfortunate good people are not allowed to live long. When that regime was making effort to restore sanity in governance mostly the nigerian press went about attacking the degree that was put in place. They assisted immensely to whip sentiment in the minds of other Nigerians and then ousted that government. By today all these thieves both in private and public would have been finished by a stake. Enough lessons to learn. The past chief justices, attorney generals and past inspectors general of police and the editors of nigerian newspapers from 1985 should be arrested and prosecuted for their contributions to the decaying Nigerian society.

Na wa for Nigeria o. I was so shocked when i actually saw this shocking news and picture. What is this world going to? Someone asked what the highway patrol was doing when this happened. The real question to ask is "do we have a highway patrol at all?"

Anyway i'm not judging but to say the truth, what the bus driver did was despicable. To say the lives of all those passengers were at his fingertips and he decided to just discard them just like that. Nobody wants to sacrifice for anybody else in this part of the world but to sacrifice to save the lives of these numerous Nigerians would have been a heroic act which would have been appreciated by both God and us Nigerians, but instead he brought shame on the country's name as crude people, curse and even damnation to himself, his family members and his generations. May God help us all.

What about the so-called leaders that we say we have; who have more than 100 security men at their disposals but cannot even spare us few to watch over us. I pray that God himself will keep watch over us since the security men are watching over a specific set of people.

may the Lord comfort those whose relatives, friends, spouses, children, fathers and mothers were involved in this massacre, keep, uphold and give them strength in order to bear this news and may calamity never befall them again in Jesus name.

BRO KAYODE OJO, I AM NOT HOLDING BRIEF FOR ANY BODY. I AM NOT ALSO IN SUPPORT OF CALLING OUR BELOVED COUNTRY AND HARD WORKING PEOPLE NAMES, BUT THE TRUTH IS THAT IT IS ONLY IN FUCKING COUNTRIES THAT SUCH BARBARISM HAPPENS, WHAT IS THE DIFFERENCE BETWEEN WHAT HAPPENED AND THE ACTROCITIES OF THE TALIBANS. EVEN THE BOKO RAHAM NEVER TOOK WICKEDNESS TO THIS EXTENT. EVERYBODY IN EUROPE TODAY HAS A FAMILY BACK HOME. WE DON'T HAVE ANOTHER COUNTRY.

THE PDP DESTRUCTIVE GOVERNMENT THAT SPENT MORE THAN 150 MILLION NAIRA ON DEMURRAGE FOR THE PRESIDENTIAL JET IN SAUDI ARABIA CAN'T EVEN SPEND 22,500 TO PROTECT A NIGERIAN LIFE. IN THE SUN OF LAST WEEK, SOME BODY CONFESSED TO SELLING A HUMAN SKOLL FOR 4,000.00 NAIRA, THAT IS HOW CHEAP WE HAVE BEEN REDUCED TO.

A SEVENTEEN YEARS OLD GIRL WAS KILLED IN SEVILLA SPAIN BY HER BOY FRIEND, HER NAME IS MARTHA DE CASTILLO, FOR THE PAST ONE YEAR THE SPANISH GOVERNMENT IS STILL LOOKING FOR HER COUPS. THEY BROUGHT 4 SPECIAL DOGS FROM HOLLAND AT A RATE OF 12,000.00 (TWELVE THOUSAND EUROS DAILY) FOR THREE MONTHS, THEY HAVE SEARCHED THE RIVERS, CREEKS, DUBSINS, EVERYWHERE, THEY ARE STILL SEARCHING AS AT THE TIME OF WRITING THIS NOTE.

HAS THE FEDERAL EPILEPTIC GOVERNMENT OF NIGERIA ISSUED ANY STATEMENT ON THIS GENOCIDE TERMED RIBBERY. SO BROS, WHEN HE USED THAT WORD FUCKING COUNTRYM FUKING PEOPLE, I THINK HE IS TALKING ABOUT THE THIEVES IN ABUJA AND THE 36 STATES OF THE FEDERATION. WHEN HE USED THE WORD FUCKING PEOPLE, HE IS TALKING ABOUT THE POLICE WHO INFLICT PAINS ON THE ALREADY OVER STRESSED MASSES AND THE ENTIRE QUACK FORCES WE HAVE IN NIGERIA.

TRY AND FEEL HIM.

THIS IS A VERY SHAMEFUL THING TO THE LEADERS OF THIS COUNTRY AND THEIR SECURITY AGENCIES, I PREFER NIGERIA TO BE WITHOUT ANY LEADER OF SO CALLED SECURITY AGENCIES WHO'S JOB IS TO EXTORT MONEY FROM THE INNOCENT CIVILIAN USING A BIG ENGLISH TO COLLECT MONEY FROM THE CITIZENS.

ALONG THAT ROAD THEY DON'T DO ANYTHING THAN EXTORTING MONEY FROM EVERY MOTOR THAT OPERATES ON THAT ROAD. I PRAY FOR PERFECT PEACE TO ALL, MAY THEIR SOULS REST IN PERFECT PEACE IN JESUS NAME AMEMMMMMMMMMMM AND THOSE WHO DID THIS EVIL ACT WILL NEVER KNOW PEACE IN THEIR ENTIRE LIFE HERE ON EARTH. This shows how Nigeria is far behind developing countries.

The news of this genocide was internationally announced by major news providers, while in Nigeria the local TV did not focus on it the way it should have done. Anyway, it is not a surprise, what about the presidential arrival from Saudi Arabia was kept secret till the last minute and no futher communication was made about the president's state of heath. What a shame!!!

A total change of mentality is needed in that country, starting from the leaders and followed by the masses.

A radical change should be made in the present government

and replaced by competent young people with ambitious plans for the future of the country, I repeat for the country not only for themselves.The old policians who are sitting there stealing money should please retire and let the youth take care of Nigeria future.

Nigerian wake up, we are in the year 2010.

And Nigerians should always take note that the problem we are having is not from one section of the country but a collective responsibility of small clique of Nigerians supported and aided by the bastards in black uniform-The nigeria police. Most of them are sons and daughters of the poor, but they back these stupid politicians through stealing ballot boxes. Shame to our politicians.

This is a physical testimony of a country where no one cares for anybody. Police is busy fighting for promotion so he can share big returns, soldiers are hustling to connect a big alhaji that can influence his posting to Eleme or Lagos wharf or any airport where money dey, Big people already sent their wards overseas keeping them in the houses they bought with stolen money, ministers are fighting for allocation and focusing on how much their bunkering tickets they got from presidency could lift from ogonis, pastors and reverends are praying hard to have big and rich congregation and very influential ones too so that they can ride on jets (remember god is rich) .

80% of these dead bodies are people like me who also used to run from one end to the other before i ate. Students, petty traders (aplico) etc who can never think about what is called embassy but just survival, who could not even afford visa fees talkless of travelling. They had no brother , father or cousin connected to the high places in our dear MAFIA country. This is how we die day by day. Dont forget the robbers too are in our shoes . We belong to the same class. Their frustration escalated to desperation and graduated to insanity! Our government keeps the citizen ever and for ever in a rubble room!

You would be surprised to know that the guy who sits next to you in your sunday service is one of these robbers if not your pastor. Every home is locked up on sundays in my country

Nigeria even the dogs go to church.so tell me where do the robbers go! Out of thousands of church leaders in a country of almost 200million people only one pastor was mentioned

among those who marched against the new offshore style of government. Untill we can adopt common sense and simple humanity,think of common people and be content with

whatever we have we may divide the country to million parts, dogs would still eat dogs!

Weeping may endure for the night, but joy cometh in the morning. The Lord is about to take over Nigeria, and this is the midnight hour before dawn. The fight is becoming too intense, knowing that the Injury time is the hottest part of the match. It will be over soon, and Nigeria will shine forth under the Supreme Leadership of God. Are this heartless armedrobbers ain't seeing those at the top that can't provide anything for them such as basic needs and yet they have never tried to rob or kill anyone there because of the way they are surrounded by armed security men while the masses can go to hell.

They should try to rob and kill those useless and miserable leaders, cause they aren't of any good to that country.

The Police commissioner should resign from his post cause his just a fat ass mother fucker, cause he ain't doing nothing there.

What rubbish , what foolishness is this CONSTANT evil reporting?

Why can't you EVER report on something good , even for once?

They will NEVER do this ! They would , AT LEAST , show RESPECT for the dead by blocking their faces!

Have you people no shame ; no professional etiquette ; NO DECENCY , AT ALL ?

Why is it that you Nigerian press compete with each other to publish evil stories about Nigeria , EVERY DAY , with bold sensational headlines? You want to speak the truth ? SPEAK Truth to whom?

Why not speak the truth to yourselves!

On the day this heinous crime took place , NOTHING good , NOTHING nice or glorious happened in the WHOLE of Nigeria?

By this publication , you people and all who post such evil photos and videos about Nigeria on the Internet disgrace yourselves , and those of us living abroad and even unborn Nigerians !

You are thinking that you are doing all this to harm and to disgrace the government and the politicians! You are harming yourselves , in case you don't know it ! I am sure you don't care so far as you make a name for your website!

Shame on you all ! Stupid bunch of illiterates!

AM A NIGERIAN BUT OVERSEAS. HAVE CONCLUDED NOT TO IDENTIFY MYSELF WITH NIGERIA AND HAVE STOPPED TO ASSOCIATE WITH ITS MEMBERS. NO LONGER A CITIZEN COZ ALL OVER THE WORLD, THIS SET OF PEOPLE HAVE BAD REPUTATION AND I REGRET WHY I WAS BORN THERE.

LET EVERYONE ASK HIMSELF OR HERSELF A QUESTION. DONT BLAME THE LEADERS. COZ IF YOU FIND YOUR SELF IN SAME POSITION AS A NIGERIAN U WILL STILL DO SAME. THAT MEANS THAT NIGERIAN EVIL CAN BE MOSTLY FOUND FROM ANYONE WHO HAS BEEN IN THAT COUNTRY FOR UP TO 20 YEARS.

WE CALL GOD JUST BY LIPS NOT FROM HEART OR FROM A GOOD WILLFUL MIND

SHAME TO NIGERIA

OH! what a sad and painful story, if it was an ordinary robbery i would have say yes but since killing is involved it is too bad if i may ask, who is the source of all this that are happening in nigeriann?if i am to blame i will be 100% bold to impose my blame to the government for instance look at small sountry like Cote D'ivoire you can never see all this things mean why every family has to provide a force poLICE,ARMY,NAVY,AIR FORCE,MOBILE POLICE,ROAD SAFTY because of that you can never see such a thing, therefore president and the governors you are the course of it, all our governemnt were interested is just on how they will send money abroad and how they are going to contest for the next presidency/governorship they dont mind about the people they are ruling OH! god Nigeria needs leaders not rulers, when i look at the financial status and the economy infact i feels so sad even no electricity,good road nor even food to eat it was quit shameful to nigeria there was a day i was interacting with a journalist in Ghana i was telling her that i will be more happy to see a president from one of the poorest countryies in zfrica to challenge the president of great Nigeria she was laughing at me, God help nigerians. the police officers were only interested on the #20/#50 they collect on the road, does the armed robbers have GUN ?, who gives them the GUN. i hope this is a challenge to the government and they should prove this blame false let me see,

Nigerians generate their own power, Nigerians pay to educate their children,Nigerians produce food themselves, Nigerians have no basic infrastructure, Nigerians provide security for themselves. Indeed our leaders are still smiling everyday for the pay cheque they receive every month. What a pathetic story of how innocent Nigerians have suffered.What exactly does Nigeria as a country do for her citizens ? Yet Nigeria has the full potential to be the best. Hello my follow Nigerian

God save us and protect us

I looked what is happened inside Nigerian and feel pity about it that our leaders don't know there work at the right time because impossible things always be possible in Nigerian.

1. why I said that our leaders don't know there work because we Nigerian have enough securities men and woman that are able to work and they are there in camp doing nothing and be paid all time
2. Mr. and miss leaders in Nigerian please you people have to do something about this and make us proud of our country Nigerian, yesterday we get this bad news here outside Nigerian, we all cry and cry, and every one here is praying let it not touch any of his family but what ever that touches eyes must touch nose because all us is Nigerian.
3. The please leaders in Nigerian prevention is better than cure, try as much as you can to use what we have well because on one knows tomorrow it may happened to you or me but I don't pray for that to happen again, our securities in camp what are they doing there, all our federals and states road suppose to have enough securities instead to be at camp you bring them out to secure us and be well paid.
4. You killers that called rubbers, when you watch at what you did, how do you feel and how does it look like, every one of you must get paid, and when looking at this am sure that this is done by Muslims rubbers that believe in sharia law and I pray that you rubber will fight against rubbers and all of you will be killed and died on pain.

my motto: God save us.

This is the highest and the peak of all forms of sadism , brutality and satanic manifestations of the highest degree and order.

Would God ever find a place in his heart to forgive the born and unborn generations of Nigerians.

If God have ever destroyed Sodom and Gomorrah yester- years for Sodomy----Will God not owe Sodom and Gomorrah apology for not to have destroyed Nigeria now or in the near future?

All accusing fingers should point to the administrative Pinacle,who have used this Hoodlums and miscreans--called (tugs) in getting to the top and and supplying them with sophisticated weapons to disrupt and destroy their opponents in course of every election in the country, and the end product of every crime is sadism and atrocities in low and high places.

The yet unanswered question is who supply these scalawags with these sophisticated weapons,it is untill this glaring question is answered that we might be few inches to the solution to our problems.

The people in power poise and ponder.The people at the corridors and levers of power,think about these and change nigeria to a better one,amongst the commity of all Nations,Nigeria has refused to repent.

Remember Righteousness exalts a nation ,but sin is a reproach to the same nation.

Let the righteous take over this earth and Nigeria in particular-----enough is enough for Christ sake.

Justice and prosterity will always ask us these questions,where we were when Nigeria decayed beyond repairs as a nation?

Nigeria problem is not only the leaders, but the PEOPLE of Nigeria [The Poor masses]. And this just the beginning the worst is still coming. A man that fails to stand for his freedom, because he does not want to die is not worth living. He will be a slave still he die. A man has to stand for is DIGNITY AND RESPECT.

Our leaders are robbing us everyday, but we kept quiet because we do not wants to die,and we die slowly everyday of our life with the hope that tomorrow will be better. Instead for tomorrow to be better it is becoming worst. Nigerians lives on HOPES while good countries lives on REALITIES. Prayers without faith [ACTIONS] is not enough to solve our problems. GOD will not come down or send his angels to solve our problems, or fight for our freedom for us. GOD has done everything for NIGERIA. but Nigerians failed or refused to do there own parts. Nigerians should stop disturbing BABA GOD, let BABA GOD have his peace.

We need to stand and fight for our FREEDOM, Freedom is not given freely. You fight or die to have it. Let us fight for the future of our children today, if we need to die for the better future for our children let us do it today.A good parents fight for better future for their children. Countries like USA, UK and some others have done this for their children.and they are living and having better life today.

IF we think countries like USA, UK. or some others countries will come and fight for us, we are deceiving ourselves. We pray to GOD to punished our leader for us, we are deceiving ourselves.Let us pray to GOD to give us strenght when fighting this Idiots calls Nigerians leaders so that we can have our freedom and punished them. Wake-up NIGERIANS, fight for your FREEDOM and the FREEDOM of our children from this devilish leaders governing Nigeria. IN UNITED WE LIVE AND IN UNITED WE FIGHT OUR DEVILISH LEADERS.

what a mess in that country! a total disgrace before the whole world, that no security, no

Godliness, no humanity, no rule of law, absolute wickedness, good governance zero, greed, injustice, caring

for the masses zero especially by our bloody motherfucking leaders. i hope this drastic incidence will force the all the governmental leaders in Nigeria to make a possitive change by fortifying a reliable security to protect masses especially the travellers. i pray that everybody in that country shall repent and have a Godly mind and also take care of one another especially the armed robbers including our leaders that we should stop tarnishin our emages especially in the outside world. let the robbers repent and confess their sins or they will die a slow and shameful death in Jesus name.Amen! May the souls of the departed through the mercy of God rest in peace. Amen!

Oh my good Lord, what is going on in our country Nigeria? Do we still have leaders in this our nation? See how are fellow bothers are killing for money, is money everything in this life? Where love and happiness is, can those stannic men take good look of want they have do if it is good or not? They went to the high way for money because they do not have which is not the best thing in life and at same point order driver to innocent citizen whom do not have money like the evil men do and they were sent to grave just like that. Are the rubbers real human do they have heart?

Are we real going forward in our own land 9ja well I believed that we are getting to the end of the world like the bible mentioned? I prayed that the arm of God should go after those so called evil doers and the death victims' souls rest in perfect peaces Amen.

Our bad leaders what are your option to this so called act that is going on in our country Nigeria and what are those so call force men and policemen doing in the country, they are should asking drivers for what they known as kola nut, the government should see how they can put a stop to all this bad act that is going on in the country and what are those police doing in the Lagos high way or for #20 naira only

Anyone notice the bystanders busy taking pictures/footage with no one acting to preserve what little dignity these victims have left? These guys are standing right there, basically stepping on human remains with their silly little phones that have almost no connectivity.

We can point fingers and curse/condemn the bad people all we like - and in this case, prayer is not the answer as God's visitation of judgment on the evil doers might neither be instantaneous or in this world - but as long as good people refuse to act, they themselves foster the rise and spread of evil deeds. Someone please do the immediately actionable right thing and cover up these poor folks and restore to them some decency. May their souls rest in peace.

Nigerians, it is time for more people to practice the true sweetness of solitude in the midst of a crowd. Enough of the goddamn prayers and curses. For the record, may God visit immediate and debilitating judgment on these monsters that Nigeria has with its own hands created, to ensure they cannot do this to others.

This is the highest and the peak of all forms of sadism , brutality and satanic manifestations of the highest degree and order.

Would God ever find a place in his heart to forgive the born and unborn generations of Nigerians.

If God have ever destroyed Sodom and Gomorrah yester- years for Sodomy----Will God not owe Sodom and Gomorrah apology for not to have destroyed Nigeria now or in the near future?

All accusing fingers should point to the administrative Pinacle,who have used this Hoodlums and miscreans--called (tugs) in getting to the top and and supplying them with sophisticated weapons to disrupt and destroy their opponents in course of every election in the country, and the end product of every crime is sadism and atrocities in low and high places.

The yet unanswered question is who supply these scalawags with these sophisticated weapons,it is untill this glaring question is answered that we might be few inches to the soluton to our problems.

The people in power poise and ponder.The people at the corridors and levers of power,think about these and change nigeria to a better one,amongst the commity of all Nations,Nigeria has refused to repent.

Remember Righteousness exalts a nation ,but sin is a reproach to the same nation.

Let the righteous take over this earth and Nigeria in particular-----enough is enough for Christ sake.

Justice and prosperity will always ask us these questions,where we were when Nigeria decayed beyond repairs as a nation?

Frankly speaking,it is a slap and a slight to all Nigerians and diaspora,that a great blessed peaceful Nation of yesterdays has become a breeding grounds of all atrocious and neferous act of perdition.When will crime come to an end in Nigeria.

When will Nigerian began to enjoy peace and uniterupted peace and security in Nigeria-----It is ineed a pity God please change this animal heartthed men amd women with a heart of humanity,so that Nigeria will not incur the rabid wrath of God in the very near future.

Remember no sinner shall go unpunished,no matter what.

This is really an inhumanity act by dare devil robbers. It touches me to ask if there is hell, if the answer is yes where else do these robbers hope to spend eternity. There will be no repentance for this as they must get their reward of retributive justice. It is also wonderful to ask if our leaders have concine for failure to protect the masses they swore on oath to protect. After a minister cried in Benin-Sagamu road, nothing has been done up to date. Those who steal our common wealth and use the procede to swell their forign accounts while innocent poor people die have this same treatment in hell.

IT'S A PITY THAT THROUGH WICKEDNESS OF MANKIND, DEATH HAD SPITE ON NOBLE SOULS THAT GOD LOVES. MY SEEING PICTURE OF DEATHS OF MY BROTHERS AND SISTER OVER THERE IN NIGERIA HAD A LOT OF TINGLES ON ME BECAUSE IT WAS BEYOND EXPECTATIONS FROM A COUNTRY CALLED THEMSELVES "GIANT OF AFRICA", AND WHAT MATTERS A LOT IS THIS TYPE OF MASSACRE AND PREMATURE DEATHS WHERE NO PROPHET CAN CAST OR EXPLAIN HIS POTENTIALITIES. REMEMBER WHAT THY LORD SAID IN "MATHEW 11:28-30" HE SAID

"Come unto me, all ye that labour and are heavy laden, and I will give you rest. Take my yoke upon you, and learn of me; for I am meek and lowly in heart: and ye shall find rest unto your souls. For my yoke is easy, and my burden is light".

MAY THE SOULS OF ALL THE VICTIMS THROUGH THE MERCY OF GOD "REST IN PEACE". IT'S REALLY A PITY THAT HUMAN BEINGS CAN ACT IN THIS WAY. I'M SHORT OF WORDS BUT MAY THE ARMED-ROBBERS NEVER SEE PEACE THROUGHOUT THE REST OF THEIR LIVES WHICH I BELIEVE WILL END-UP UNDER 21 DAYS FROM THE D-DAY.

GOD, IF YOU DO NOT PUNISH THE CONCERNED HARD-HEARTED ARMED-ROBBERS IN QUESTION, "MAY PEACE DENY SODOM AND GOMORRAH". THAT'S ALL I HAVE FOR NOW. I'VE NEVER SEEN INSECURITY COUNTRY AS NIGERIA. OH! WHAT IF I OR YOU WERE VICTIM OF THIS CIRCUMSTANCE, WHAT WOULD HAVE HAPPENED? STILL NOTHING. MEN! I TIE FOR THAT UNA 9JA. How mean and heathless can people get! This is unbelievable and unthinkable. Having innocent people on a journey robbed of their money is bad enough let alone ordering their bus driver to run them over with the same bus they were travelling in.

Now I ask; is this some kind of new trend in highway robbery / ritual execution in Nigeria or just sheer wickedness?

I have never been so bittered in my entire life, and my heart is very pained to say the least. It will never be well with the robbers involved in this horrendous act as God will continue to make earth unbearable for them and their accomplices. I pray they get caught very soon so they would be brought to book.

My heart goes out to the family member of the victims of this massacre and I pray God to give them the strenght to bear the loss of their loved ones.

May all the victims soul rest in peace, amen!

AFTER 45 YEARS OF CAVE MAN RULE OF NIGERIA BY THE NORTHERN NIGERIAN BARBARIANS, THIS IS WHAT NIGERIA HAS BECOME.

ALL THOSE WHO FOUGHT TO KEEP NIGERIA, YOU ARE RESPONSIBLE FOR THIS ACT OF BARBARISM, and the souls of these innocent civilians rest in your hands.

EVEN ADOLF HITLER was not this merciless to the Jews.

This is an act of COWARDICE and the IDIOTS who did this need to look themselves in the Mirror and be ashamed.

Nigerians have developed COLLECTIVE mentality of DOCILITY and SUBMISSIVENESS, and the BARBARIANS who are not afraid to die are the ones controlling everyone else. NIGERIA NEEDS TO SPLIT and the sooner the better.

This is the worst shame to have happened to Nigeria. Wait a minute! How are we sure this is not the hand work of Al-Qaeda or Talaban Militias that have seized the situation in Nigeria to avenge their anger on innocent Nigerians? The federal Government of Nigeria should be ashamed of this bastardly, cowardly and immature atrocity. May God Almighty never allow the souls of those who carried this cowardly act never rest in peace and those of their generations to come. Shame to Nigeria.

Please am begging our government, we shouldn't let those robbers go free, let's find them and cash them, and you arm-robbers you don't have life to live, change your ways, I know you will still die by gun one day because whom killed by gun die by gun.

O God ! remove wicked and corrupt leaders of Nigeria, who are giving opportunity to the dangerous arm robbers that killing innocent soul everyday in Nigeria, just look at our fellow brothers and sister they killed just because of money. The question is, is there not security in Nigeria, and where did those arm robber got those gun they are using? And how can arm robber operate for 30minte to 1hour no security to rescue our fellow brothers and sister from that fateful situation? O God! Do not allow this wicked people who killed these fellow brothers and sisters to go free, because I know and you made it clear in the scripture, " that, those who kill by the sword will surely die by the sword".

Nigeria Government and all law enforcement should take this as a pain and make adequate security equipment to all law enforcement agency to guide our fellow brothers and sister that are in living .

I DONT KNOW WHEN AM GONNA COME BACK TO NIGERIA AGAIN.

THIS THING CANNOT HAPPEN IN A FOREIGN COUNTRY, AND NIGERIA DONT DESERVE TO BE A COUNTRY ANY MORE.

WE NEEDS GOD INTAVENTION IN OUR COUNTRY NIGERIA.

WHAT A STUPID RULERS / MONEY RITUALS LIKE THE YOUNG HAVE DONE TO NIGERIA CITIZENS.

The president is very very stupid, the vice is very very idiotic, all the security officers are fulish, even all the politiciens are nonentity, all the fedral ministry of works are very very basterd.

Count ur blessings and name them one by one, my fellow nigerians citizen am very sorry for such a disgrace and painfull date, i cry so much when i see such thing that heppen in my country, pls all the families that are involve in this painful date, pls am urging you people to stop crying because GOD is in heaven he has never forget his people, i want you people to take heart and stop crying.

OUR STUPID PRESIDENT. since hausa and yoruba has been ruling nigeria, we have been having all series of stories concerning our country nigeria, starting from ABACHA, SBASANJO AND STUPID YARADUA WHO IS HALF DEAD, the masas has been suffering from one problem to the other, just look at what the bad rulers have done to innocent souls, if it happens that we have a good government and a good rulers like other countries, such a stupid thing can never happen to our country, but the rulers we have all they know is to carry all our money and have there investment in a foreign country like what ABACHA, OBASANJO AND STUPID YARUDUA DID.
NEXT COMING TENOR IF AN IGBO DID NOT RULE NIGERIA, THERE MUST BE WAR, AND WE HAVE TO DIVID NIGERIA FROM BIAFRA, FOR PEACE TO RAIN.

ABOUT POLICE, The inspector general of police has to answer query about this problem, cos they use to colide with amrubbers, and also tell them when to operate, all the nigerian police are very very laxy in everything , all they know is to collet 20 nira on the high way, and give returns to the senior officer when the get back to there office, pls all the driver take note any police that ask u to pay any money or ask you for any motor particulars, pls use ur car and hit him make sure that u put him to date forever cos am very angry now , they are lucky enough that am outside the country now.

MONEY RITUALS, th young shall grow, you think that we are stupid, we know everything you did , and we know is ur plan with those rubbers and ur stupid driver, i know you wanna buy new cars this time around and ur society ask you to bring blood , thats why u and you told ur driver to do that, why dont you use ur family blood , you will recieve ur reward in doing this to my peopls. pls my peopl dont enter any of this buses cos they are money rituals, YOUNG SHALL GROW, IFESINACHI, IZUCHKWU, CHISCO, EZENWATA,DAN DOLARS, EKENE DIRI CHUKWU, they answer good name, bu very dangerous cos they are money rituals.

MINISTRY OF WORKS. All the ministry of works in nigeria are doing nothing, just take a look at the road side where this event happen, every where is bush there is no good road, no elctricity no good water, everything is going left hand always cos of bad rulers.

I BELIEVE THAT THIS THING CAN NOT HAPPEN IN ABA COS I REALLY TRUST ABA BOYS, I KNOW WHAT THEY ARE ALL TO DO AT EVERY GIVING OPPORTUNITY, NIGERIA NEED TO BE DIVID SOON IDER IN PEACE OR WAR.

ALL THE RULERS ARE VERY STUPID, AND THEY MUST RECIEVE THERE REWARD, THE PRESIDENT AND THE VICE, THE SENATE PRESIDENT AND ALL THE SENATORS, HOUSE OF REPRESENTATIEFS, ISPECTOR GENARAL OS POLICE AND ALL THE POLICE, MINISTRY OF WORKS, AND ALL THE REST OF THEM.

And the representaTHIEVES & SINators nko? What have they done to improve the condition of the nations roads? All they do is waste time, the nation's money and resources enriching themselves arguing over trivial and frivolous issues instead of attending to more pertinent issues that can better the lot of the nations masses!

My brothers and sisters, this act is way past sickness. The fools responsible for this act were not thinking. First, you could not get any money from the victims while they were alive, and still (second) you did not get any money after you terminated their lives. What has your action accomplished? Men, Nigeria is not safe anymore. In December of 08, en route to Lagos from Enugu state, 4 armed men purchased and boarded a luxurious bus in our mist. About one hour into the journey, these armed men took over the bus, robbed us of money, cellular phones, jewelry and endangered our lives. While the robbery was in progress, we cruised past an active police checkpoint. We were lucky to be alive despite gunshot injuries to the driver's head and to that of another female passenger who sat directly behind me. Armed robbers are menacing to Nigeria. I bet you these hoodlums are walking the streets today. Now tell me, how in the world do you proceed to investigate this heinous crime in a rubbish dump ground such as Nigeria? Without a halfway descent people tracking system. Where do you begin? Nigerian law enforcement authorities can not even competently process latent prints. Until Nigeria implements a reliable tracking system and database of all individuals in the country, crimes such as this will forever go unsolved. We are so incompetent in everything else we do except 419. We are so cocky and arrogant that we can't even give a competent group the opportunity to properly train us. I really don't blame Nigerians in Diaspora who have vowed never- ever to set foot on that cursed country. Woe to Nigeria! Expect Holy Ghost fire to level that country one day. We have prayed and prayed ever since I KNEW Nigeria 41 years ago. God is angry and his wrath shall be unleashed soon.

Country that a good news can not come up from, if the bad news
does not come up from the government side it will be from the
masses, But all the same may the almighty God whose mercy
endures forever have mercy on us whom he has created and
made us to be the citizens Nigerian.

I pray that God should forgive the victims their sins and grant
them peace in his heaven kigdom. And also give the families and
relatives of the victim the heart to bear the insident.

Well, i dont know what to call this, something eyes cant believe to be real. nigerian leaders should see this & sit up to protect the citizenry, nigerian leaders should stop to enrich themselves and think of providing employment oppurtunities, good education and inshort make life worth living than existing (as is happening with 65% of 150m population). I blame our leaders who are only after power and wealth, forgetting poor nigerians.

I cried and prayed to God Almighty for his intervention into this kind of life wasting episodes (Borno, Jos).

I Think the Driver is also evil to have crushed all this people, why not sacrifice himself. Well Nigerians we need prayers. prayers.. prayers...

I'll say this prayer for the victims. May the souls of all the faithful departed through the mercy of God, rest in peace. Ameeeeen o!

That said, i want to ask: is there a law, written or otherwise, that categorically states that, it's wrong to travel without money? Or did the armed robbers give any notice , that the passengers must carry 'armed robber money' with themselves b4 embarking on the journey? If the bastards are so good at robbing, why didn't they rob the SINators of representaTHIEVES of that country Naija?

This is rubbish! I'm sorry if i've posted tooooo many comments already. It's just that since i got to know about this gruesome murdeous act, i've not been feeling quite myself lately.

Why? You might ask? Well, it's because i graduated from Uniben and i was based in Lagos throughout that time. So, i plied that road several times in one year And i once had a near-encounter with armed robbers along that road near Redemption Camp sometime in march,2007. We in the bus,narrowly escaped the armed robbers since they were on foot.And my father plies that route very often that route close to too.

I just pray that God should just make those roads safe since the country's leaders and Police force can't or rather, won't!

You are suppose to be protecting the people of Nigeria, but the only thing is to be going after innocent people. The people that did this to there fellow humans would never know peace in there life and they would forever go through the pain and death they've put this innocent people to. Every COMPLEX society, I believe has a COMPLEX problem. Resolving such problems remains complex too. But OURS in NIGERIA has gone beyond COMPLEXITY. THE GREATEST menace to human nature is a LIFE without HOPE, NIGERIA is the definition. Our hope rest in the DIVINE. One thing is CERTAIN..... the evil done by man to man will never go unrewarded, if not now then, certainly later, if not by MAN, then by DIVINE..... the TRIUMPH of EVIL over must remain TEMPORAL.

I'm a Nigerian, I have and live in HOPE, hopelessness is lifelessness. The truth must surely unfold. What a pity to the VICTIMS. Imagine family bread-winners, hopes, futures, realities and DESTINIES crushed down to mother earth like dust bin. Let posterity be the best judge. Nature has the way of paying back every deed, this can't be an exception.

To the victims' relative, it is never the end of the river, just that our vision is limited. To Nigeria and her govt, Things can be better if only we can DECIDE TODAY to CHANGE CHANGE. What a pity, what a shame, what a REALITY, what a CHALLENGE

Comment from: violent [Visitor] - <http://TO SAVE NIGERIA FROM ARMED ROBBER, TURN THAT NATION TO POLICE COUNTRY>

Nigerians are the most stupidest people on earth, how can a human been called him self armed robbers commit such inhumanity and not even afraid of life and God, that's. to show you how heartless Nigerians are, listen Mr. Olu-Mike Olagunju, the Sector Commander please stop that useless statement by saying that peoples should avoid night journeys, I have been living in abroad for pass 5 years such thing have not happen here because there is enough security to protect people where ever you are going or stay.

Those our stupid leaders that travel to abroad to enjoy there strolling wealth can prove me right, how security is protect every citizen, Nigerian leaders are using our money for there families instead of taken care of the poor who elected them into power,

To stop armed robber, Nigerian must be a police country like other nations, police in the country is not enough to protect the citizens here in Europe or Asia in any step door there is a lot of security, there government spent much money in security than anything in there country because life is important wake up any time go where ever you wish but Nigerian is a different story police is armed robber

Comment from: Idris Fuqan [Visitor]

Dear Reviewers, firstly and undoubtedly this incident (if true in its explained content) is beyond words and is repulsive to the core of human nature. Even RWANDA does not come close to this. Secondly, I do agree with most of the write ups in the following reviews to this very article and I share everyone's concerns, though I cannot see the connection between why we keep resorting to 'hoping' and praying instead of taking 'Action' when what is truly needed is 'action'. However, there are some things that bother me and should bother ALL of us especially as no one so far in the reviews has mentioned it, so it becomes clear that some how 'we' as a people have a void in our thinking and understanding of how we deal with reality. Let me try and explain as logical as I possibly can....Look closely at that Picture! How many human beings can we say lie body mangled on the floor? Also note that the article tells us that the "Driver" of the vehicle (at gun-point) actually drove the bus and crushed the humans that were ordered to lie down on the floor? Furthermore, we could assume that this bus load of humans were held to ransom by a handful of so-called "crack-head bandits" (I say "crack-head" because to do such a thing you lack sanity). Thus, it is clear that which ever way we shall "swing" this logical pendulum the "risk" that they faced to their very existence at the time was a "double-edged" sword. Let every one of us who are still alive to read this article ask ourselves WHY on "earth" would these people make a choice (conscious or unconscious) to simply "surrender" their lives so simply? If they all had simply 'UNITED' and cohesively resisted the degradation (after all what did they have to lose beyond what they now lost?) before annihilation SOME of them would still be alive today. What made all these people fail to resist this clear massacre? Was it "hope"? The odds were clear it was a double edge sword and in all truth they stood a better chance of survival if they 'resisted' YET they failed to resist, failed to "unite" in action. It would have been their best action if they had only chosen to put a self value on their life at that moment and defend their lives in unison some would be here today. This sadly leads us on to another branching question: Let us all ask ourselves the simple question! IF WE CANNOT CARE FOR OURSELVES WHY SHOULD ANYONE ELSE CARE FOR US? Until we all start to put back a VALUE on African LIFE this will always be our faith. The so called "Black Persons" life "Globally" seems to have been so badly de-valued! But my concern is this? No matter HOW anyone try's to devalue your life the true value is in WHAT VALUE YOU the individual/group place on your own LIVES! Our life is valuable lets start behaving in a manner that shows the high value of our lives. Although this "incident" should NEVER have happened in the first place, the truth will always remain if those unfortunate people had done the ONE thing AFRICANS globally have FAILED to do genuinely (unite in action and thought) they would have made a proud stand proving that these shameless and cowardly beast (If any of you who participated in this inhumane crime are reading this write up I call you "cowardly" because if you truly wanted to prove you were "macho" why not take on the might of the 'military' instead of helpless poor people and see if they, the military, do not eradicate you instantly) peddling as armed robbers would not be allowed to massacre them so simply without fierce resistance which would indirectly send out a strong warning to other so like minded armed robbers that belittling and degrading the poor will not be tolerated. People, its time for us to see beyond the symptoms and start appreciating our own existence on planet earth no matter how the present conditions are, because when we start putting a value on our own lives we will slowly overcome the many constraints that stifle our continent and its people from elevating our societies to humane, self-regulating societies that respects and appreciates our fellow man, woman and child no matter what ethnic background they come from and sees them as "human" worthy of an existence beyond pain, dehumanisation and constant suffering. Fellow Africans keep your head up and please slowly put aside your religious escapism and understand this is a matter for 'US' as "Humans" to address and not something the creator should address that way we will not smoke screen real issues like this. Personally, I sincerely look forward to someone (or a group) within authority and government to stand up courageous enough to see the inhumanity in this and similar unreported cases and then be bold enough to take action. I am sure if such a person (politician, military personnel, police or secret service agent or rich individual) exists within Nigeria and is courageous enough to take up such a humane fight the general population of Nigeria will all join him or her to ensure they get the support that they need to bring about not only justice for these unfortunate people but most of all "prevention" from this ever happening again. Finally, I make a personal appeal to the "families" of those who committed this hideous crime against humanity to turn these "cold blooded murderers" over to the authorities. If you do not trust the police in anyway then be courageous enough to walk into the military barracks and report what you know, as you may be surprised to find you will get more sympathy on this issue from soldiers than you would ever imagine. Don't be afraid just do the right thing for the greater good of your people as this was not a mere "armed robbery" it was a self-destructive "MASSACRE" of innocent and harmless people, and such sheer human stupidity will come to an end when we start placing a value on our lives. People, its time we start CHANGING OUR WAYS, VIEWS and the VALUE we place on our lives, while at the same time taking full responsibility for our lives....Keep Your Head Up and Stay Strong as our hearts and minds are with everyone globally: May Inner Peace Be With You ALL. Peace Idris

It is very unfortunate that such a thing like this happened.

I blame the driver of the vehicle for obeying the order of the robbers.

It would have been better for him to be killed by them than for him to use his vehicle to crush the innocent souls. If he did not do as they asked him to do God would have intervene and may be they would not have kill him.

May God have mercy on our land for the innocent blood that is been sheed every day in Jesus name.

I TELL YOU THE POLICE WILL COME UP WITH ARRESTING PEOPLE BUT WILL BE INNOCENT PEOPLE WHO DO NOT HAVE ANY THING TO DO WITH CRIME... LOOK AT OUR LAW MAKERS IN THE NATIONAL ASSEMBLY OUR VERY DISGRACEFUL THEY BEHAVE IN THE HOUSE YOU LOOK AT THEM NOT LISTENING AND LAUGHING LIKE CHILDREN. THEY SHOULD BE ASHAMED OF THEMSELVES AND THEY SHOULD ALWAYS SEND THE TAPES OF EACH SESSION TO THEIR CHILDREN AT HOME AND MAKE THEM SEE THEIR PARENTS BEHAVIOUR. WE HAVE NO PRESIDENT AND WE KEEP HEARING OF HUGE AMOUNTS BEING SIGNED OUT ON CONTRACTS NOT EXECUTED. IF A THIEF IS CAUGHT STEALING , HE IS EXECUTED WHY NOT EXECUTE THESE LEADERS WHO STEAL HUGE SUMS?.

First and foremost, we thank the operators of this site for retracting the first misleading story and informing us the real story. The fact that this kind of incidence happened and the Authorities just swept the whole matter under the carpet goes to show you the level of decay in the system. Secondly for the Tribalists coming to this site to berate Benin people, if you can read at all then you will see from the story that the incidence happened over 300KM from Edo State, it was carried out obviously by the Yorubas although I am not trying to say the Yorubas Sanctioned this Tragedy.

For anybody to come out and blame another Ethnic group shows the level of Illitracy in Nigeria. The ArmedRobbery Gang could be made up of people from different Ethnic groups as experience have shown. The stupid Police men that disturb people doing legitimate bussiness on that road should be made to answer for this. But Our Innocent brothers and sisters where killed like dogs and the police are too happy to pretend that this did not happen. Pictures dont lie. Every police man who neglected his duty on that day along that road will pay dearly for this. Una know why ? . Because our God no dey sleep, if to say no be God nobody for remain for this country bcos no security at all. Security is non existent, no Human development as a result Graduates are going into all sorts of crime, No Basic Infrastructures. Nothing. And we are the problem, because when Elections come, we allow ourselves to be bribed, while some collect monetry gratifications others collect rice and salt. At the end of the exercise corrupt people find their way into the system and the rot continues

Oh my God, are these people animals or human beings, that is what we are saying , no security in the country anymore, the police that are meant to guide the masses has turn to begging 20 naira from motorist and ignore their job. This remind me of what happened last sunday by 3.30pm at Aba ikot Ekpene road precisely at ukpakiri in Aba where Kidnapping is at its peak, a man travelling with his prado jeep with 2 mobile police escort, was kidnapped and the two police officers were gunned down right infront of a police check point. God should save this country Nigeria from the clutches of EVIL MEN. Amen.

JESUS Mercy; Mary please help!

May the souls of the faithful departed ... Rest in the peace of God!

When Nigerian leaders are busy squashing the commonwealth of Nigeria and sending their sons outside, perhaps making God an insurance company to take care of the millions of the voiceless Nigerians -this is what we can expect!

When the Police have been rendered a begging government department armed ONLY to protect the Commanders-n chief, legislators, government functionaries and their families -this is what we can get!

In a country where the Police Act makes the Police subservient to people occupying political offices and not the Constitution -this is the harvest!

At a time when the so called Nigeria is audaciously proving to the whole world that a country can be ruled without a ruler -this is what they forget!

Who can believe this happened ALONG THE BUSIEST ROAD IN AFRICA in the daytime "4pm", for "hours" without the Nigerian Police knowing?

So many things are playing out in this negligence and if the Federal Government is inept to react and answer to the call of responsible and responsive leadership, then to hell with Nigeria.

Mind-boggling and horrendous -only a psychopathic misanthrope can do this!

God please give sense to Nigeria!

Nigerian Masterweb, pls always confirm your stories before you publish them online. By not letting people know the truth from the beginning, you have joined the bandwagon of people and internet publications carrying negative information about Nigeria. The story about armed robbers crushing people to death is a big lie and an attempt to once again paint us in bad light.

The road you talk about is about the busiest in Nigeria. No one heard about this and with the damage done, how come there is no person directly linked to or who was on the road that day. I happen to use that route alot and know drivers who go on that road daily and till this moment nobody has heard about this robbery incidence except on the internet.

Are there no relatives to this dead people? I live 1hour from where this was said to have happened last week and nothing was heard about it. Even the local papers did not even write a line about this incident.

This is a fat lie and an attempt to discredit Nigeria. There is no way on earth that this happened last week and nobody heard about it until pictures appeared on the internet with no local paper writing about it. It is sad the Senate have yesterday (3rd March 2010) debated on it and have not even done their homework.

Its your duty now to reach out to the over 1000 respondents to this post and let them know of your so called truth. Obviously most of them have run away from Nigeria with the notion that all is not well here.

Please always verify stories like this before they are posted.

There is no God. If there is a _____, it sits off to the side, watching, crying, laughing, waiting, creating, but, when I see things like this on a day to day life it is just another reason more for me to believe there is no God, there is however a _____. For if the _____ where to come across such a site, amidst his/her throne of omnipotence, and walked upon such circumstances... in my heart I know that the _____ that we call God wouldn't acknowledge such beings of un_____ly actions. But who am I to judge, what am I to judge, when you have such actions like these? And the saddest thing about all this, all everybody wants now is more violence, in response to the perpetrators. Violence is the new cancer. It's spreading folks, from sea to shining sea! :\$

I was speechless and just shaking my head after seeing the unbelievable picture of all those innocent souls sent to the great beyond in their prime. I simply wondered how people can be conscienceless as to commit such horrendous crime against God and humanity. No same person can unabashedly carry out such!

Infact, I weep for Nigeria. Since the saying has it that "Heaven Help those who help themselves", not until Nigerians rise up to say enough is enough of all the shenanigans and evils being committed by our leaders will we know peace, and not until then will we experience the much-needed devine intervention so that the polity will be sanitized. I am living in the US but really dread going home to visit for fear of the unknown. No peace, no light, no pipe borne water, no good roads, no infrastructures, kidnappings everywhere, armed robberies even in broad day light, education is becoming difficult to benefit from, the hospitals have long become mere consulting clinics or better still mortuaries, evil have completely over taken everywhere in the country.

God, please, save the country!!

This is disgusting! Embarrassing! annoying, painful and shameful. What is our country turning to? What is to become of our children's future? What will Kokumo Yaradua do to this now! I wish they could take all the dead bodies to Aso Rock for the president to bury them there, or what do you think, my people?

Am in UK, but honestly whenever i think of security of life and property in Nigeria, i dont feel like coming back home.

Do we really have a Government? Cant we go back to the military regime if democracy is failing us? Why are we suffering in silence?

I pray that God in His infinite mercy will forgive the dead their sin and grant them peace wherever they may be. And i pray that God will grant the family of the dead the fortitude to bear the irreparable loss in Jesus name. But i pray , God, please do not look at us in Nigeria, our children's future matters to us. kindly help us, save us from blood sucking animals. Save our country and protect our children's future for us, in Jesus name (amen)

Oh my God...what is happening to Nigeria?

I renouce to be a Nigerian, i know i have family way back home but our Leaders are fool.

It is very unfortunate that such a thing like this happened.

I blame the driver of the vehicle for obeying the order of the robbers.

It would have been better for him to be killed by them than for him to use his vehicle to crush the innocent souls. If he did not do as they asked him to do God would have intervene and may be they would not have kill him.

May God grant their gentle souls eternal rest, Amen.....

Please endeavour to get to the root of this matter by tracing the luxurious bus through the registration number stated.

The government will need to conduct a proper investigation of this matter. The security operatives (police) at that end should be able to tell the world and Nigerians in particular what they know about the incident.

Nothing to be shocked about as long as it is in Nigeria. I watched in full horror an Aljazeera clip showing Nigeria police summarli shooting to death several young Nigerian in Maiduguri. If a Government agency can audaciously commit these atrocities why do we then worry when criminals emulate them. Anything is possible in Nigeria.

Nigerian say they believe in God but nothing in Nigeria suggest any form of Godiliness. Even Nigerian doctors now kidnap, rape and confine teenage girls, nurture them while pregnant, deliver the babies and sale the babies to ritualists.

What we need is not God (Ia m sorry to say as God has no hand in this!) but simply put - the rule of law.

This goes to confirm the failure of the Nigerian Police Force. I have always said and will say it again and again that the nigerian police force has outlived its usefulness. If you are a regular traveller on lagos benin expressway, you will be suprised at the number of police check points you will meet on this highway, yet people are robbed on daily basis. The question is where were these police check points when these people were robbed and killed this way?

Sometimes, you will be suprised to know that some of these policemen took active part in robbing innocent people on the highway. There are so many instances where the police turned their guns on innocent citizens and robbed them of their valuables. I think government should take a second look at the police top hirarchy and save us this kind of horror. Ma the soul of these innocent suffering nigerians rest in peace. As for the criminals, let them wait for their own turn as God will surely take vengeance on behalf of these innocent souls

This is dastardly. I have been a victim of armed robbery on the Highway I know how bad it can get. But my first message is to the robbers, who ever they are; I can understand that it is ok to rob or at least you have an excuse to rob thanks to the state of the nation. I can also understand that in order to evade a capture, you can do certain things that are dastardly, but what I strongly condemn is you gang's order to run over the victims time and again because they dont have what to give. This is more than wicked. Secondly, if you robbers really mean to present this as anger and reprisal on government, why target innocent traders, students and travelers who can barely afford the cost of flying to avoid acts like this? I am so disappointed at the psyche of your gang.

To the Governemnt, what do our leaders think of this? An ordinary Commissioner, a Special Assistant to the Governor, a Commissioner of Police are some times entitled to armed escorts accompanied by siren. Where were the policemen that stay and patrol the highways when this thing happened? Is aour government not rich enough to buy Toyota Hilux or even Land Cruisers that will cover effective patrol on every 4 KM of these highways? It's hightime a radical approach be employed. I swear if my relative(s) were among the victims that were killed, I would take it very personal to execute policemen. The IG has serious cases to answer. Your Men are just as good as nothing. It's all about collecting N20 and N50 from motorists. To the Senate, you give 6 weeks for a report, how many people will die in 1 month 1 week? and then the deliberation! It's bad enough. Enough is Enough!

This goes to Oniso's comment above. Why are you attacking Nigeria masterweb? Your comment suggests you may be an armed robber or hang out with them. you sound as if you were at the scene when all went down. Your fucking country is worse than any other country that I can think of. You need to shut your damn stinking mouth. Are you an armed robber? It really does not matter when this happened. The truth is that it happened. Why should it even happen. I am glad that Masterweb published this insane killing. Many were not aware that this ever happened. Believe it or not, People need to be scared away from Nigeria. When everyone is gone, those morons up there will enjoy the country alone. My advice to those who leave overseas....don't got to Nigeria unless you got a good reason to go. If you go, just know that you are endangering you life in an environment where there are no rescue units in place. A Place where people bleed to death from road accident. A place where fatally wounded folks are made to secure police report before treatment id administered. Police is your worst enemy in nigeria because they are in the game with armed robbers. There is so many negative things about Nigeria. Traveling on their roads is a nightmare. Flying Nigerian airliners is worse because these fools are so many hungry that they don't properly maintain aircrafts. The fools can even locate a downed aircraft. The whole world should boycott Nigeria. Oniso, where is your president? You need to go talk to him him and find solutions to revive your fucking country. Anu Ohia nwuru anwu ka gi mma.

You guys are really funny. This happens all the time in Nigeria, just happended that this one was made public.I can give you countless more terrible stories. May i mention by the way that most of you are moved by the wrong reason,accident. The robbers bad as they are and clearly the cause didnt intend it this way.There was a robbery and a car accident (caused by the robbery). The main thing there is the insecurity in Nigeria. The fact that people are robbed freely and easily and by the way the fact that people come out of school and never get jobs while silly government officials rob us blind is a big matter. Is their crime worse that that of the government official that didnt fix or put lights on the road? Than the police man that executes a bus driver for not giving bribe? Do i list more?Robbery is clearly bad but that damage was accidental and the main issue here is bad government so you guys should stop looking at blood and screaming. Scream at the government.

When you are given a job/task to protect "your people" you do a good job because they are "your people". When you do not have a sense of responsibility, where the people you are to protect are not seen as "your people", and given the political situation in Nigeria, you tend not to care enough to do a good job. Nigeria is a collection of many "PEOPLES". PEOPLES who were planted against each other to create a state of anarchy so the evil progress. We know how this works but unfortunately we do not have the power to save the situation. All the negative press, Human Rights activities, Pseudo Aide, and every other rubbish that some people do to try and get some sense into the ruling class, will definitely fail. There is only one solution.

LET THE POWERS THAT PUT US TOGETHER, PLEASE, IN THE NAME OF GOD, SPLIT US APART SO THAT WE CAN TAKE CARE OF OUR REPECTIVE PEOPLES/HOMES/COUNTRIES.

I have lived amongst peoples of different nations (i mean Nigerian Nations). We are all normal human beings like every other human beings. The problem we have is the struggle for power (amongst the elite), common hunger (amongst most of the populace - which makes us easily impressionable and gullible to all the manipulations of the evil men) and the lack of commitment to this fake nonentity called Nigeria. This is understandable because we did not decide to be together. We did not discuss and come to an agreement on how we should live together as one country. We were forced to live together. Some people will argue that we can all live together as a country but are just fooling themselves. The cancer has eaten deep into the system and if we continue to live together, NOTHING WILL EVER FUNCTION NORMALLY.

On this horrible case of a bus running over people, i ask:

Question - How do we know if the perpetrators were indeed Robbers?

Answer - We don't because we do not have a functional police to investigate properly and tell us.

Question - Why did the police not get there on time (or have a check point nearby)?

Answer - We don't know and we cannot put it past the police to have actually carried out this horrible act.

Question - Why is the police dysfunctional?

Answer - It is not due to lack of funding or arms or ammunition (there are lots of poorer people/institutions than the police, and they still do a good job). It is a lack of belonging, a lack of responsibility, a lack of that feeling that you are protecting your brothers and sisters. I don't blame them. I blame the system. It's been headd downhill even before 1960.

FINAL QUESTION - What do we do?

ANSWER - We cannot fight another civil war, we cannot carry out any form of revolution, we cannot vote the right people in (they can't even contest), I guess we are FUCKED! At least until the POWERS THAT BE get up off their arses and rectify this mess they have created and called NIGERIA.

I have heard evil, seen evil and smelt evil, but not with this magnitude. who are the parents of this EVIL ROBBERS, what type of upbringing did they recieve, do they have same heart as normal humans? A BIG NO. curse be to their generation upon generation until Christ comes to condemn them cos they are already JUDGED by Humnity and CIVILISATION. come to think of it, were this acts carried out by fellow humans or ANIMALS? hhhmmmmmmmmmm. I DONT WANT TO BELIEVE SO EVER. GOD PLEASE

i stil can't imagine how a human being or rather a fellow country man could carry out such barbaric act on fellow human/citizens all for the sake of MONEY. Its very sad these people had the most extreme painful death its heartbroken coz they don't have money, may these victims find everlasting peace in heaven. I'm sorry to say Nigeria i heading towards becoming a failing State despite the hard work of Nigerians. its time Nigerians realize that most of these politicians are disable and unfit for propose they are Nigeria biggest liability. security in Nigeria is a joke how could such thing happen in these modern age, i mean take a look at what is happening in the north. shame to these handicap politicians and those people that don't wont peace and progress. Fellow nigerian stand up and fight (peacefully) for change. A close mouth don't get heard.

OMG! I cant believe this, I am shaking like a baby seeing the picture above, how on earth would a man do a man like this, this arm bandits are the real devil we think exist in mirage. How can someone tell a fellow human to laydown on the express road all for his own selfish act. If this rubber could at least rub aso rock, lots of money would have been made, and not poor citizens like them. May the Almighty lord recieve their souls and do judgement to those concern (The Governemtn, Police, all concerned and the rubbers that rubbed the bus) in the shortest possible time.
