## **Robbers, cultists terrorise Ado-Ekiti**

**R**ESIDENTS of Opopogboro and Adebayo areas of Ado Ekiti are daily living in fear because of incessant robbery attacks and the clandestine activities of students of the University of Ado Ekiti, who are members of the various secret cults operating in the institution. The recent mayhem unleashed on the campus during which three students died has adversely affected socio-economic activities in the areas.

There is a palpable fear of a reprisal attack by members of the Cadet Corps who lost one of their members in the attack.
