## Oteka: Police vow to catch killers

**T**HE Commissioner of Police, Federal Capital Territory Command, Mr. Lawrence Alobi, has said that the police are yet to make any arrest in connection with the killing of the Commissioner of Police in charge of Mobile Force Unit, Mr. Felix Oteka.

Oteka was killed in Abuja on Tuesday by some hoodlums believed to be armed robbers.

Alobi, who spoke with our correspondent in Abuja on Wednesday, however, promised that the police would strive to bring the suspects to book.

He said, "We would not relent in our efforts to arrest the killers of this senior officer. Though we have not made any arrest yet but I am very optimistic that we would break even in apprehending the killers.

"We have deployed our crack detectives in the field and you can just be assured that we would soon get the killers."

He said it was too early to determine why Oteka was killed, adding that investigations would determine whether the killers were armed robbers or assassins.
