# Student killed for rituals in Ibadan

**T**HE body a young lady, believed to be a student of a tertiary institution, was on Tuesday discovered near Lekan Salami Stadium at Adamasingba in Ibadan, the Oyo State capital.

The lady, who must have been killed on Monday night, was found on the spot on Tuesday morning.

From all indications, the lady had been a victim of ritual killing, as some vital parts of

her body were missing.

Sympathisers besieged the spot on Tuesday morning to catch a glimpse of the body, just as some of them wept uncontrollably.

The Oyo State Govern-

ment is urged to step up security in the state to put a stop to such criminal acts.
