

# Police arrest four suspected ritual killers

THE Borno State Police Command says it has arrested four suspected ritual killers who specialise in beheading their victims.

The Police Public Relations Officer, Mr. Mohammed Sani, told the *News Agency of Nigeria* on Saturday in Maiduguri that the suspects were arrested in Bayo Local Government Area of the state.

He said that luck ran out of the suspects when they killed a woman in her farm on August 22, in Bayo.

Sani said on a tip off, the police swung into action and arrested the first suspect, Kabir Usman, who later mentioned the names of Shaibu Bako, Buba Adamu and Adamu Usman.

He said that the suspects had confirmed that they committed the offence, and took the police to the bush where they kept the head of the woman.
