

CAN condemns killings of Christians in Kano

THE Christian Association of Nigeria has condemned the alleged killings of some Christians in Tundun Dankande Local Government Area of Kano State during skirmishes over a disagreement between two secondary school students on Saturday.

CAN General-Secretary, Mr. Samuel Salifu, in his reaction to the alleged killings on Saturday evening, said the act was condemnable and called on the state government to bring the perpetrators to book before things degenerate.

Salifu said Christians would no longer condone any attack on their persons or property by anyone or group.
