

## **How Kwali council chairman was killed —CP**

**T**HE Commissioner of Police, Federal Capital Territory Command, Abuja, Mr. Haruna John, on Tuesday gave graphic details of how the chairman of Kwali Area Council, Mr. Samuel Gwamna, was killed by suspected assassins on Monday evening.

John, who spoke with our correspondent in Abuja, said that the late chairman was shot several times by armed men as his vehicle tried to join the Lokoja-Abuja Road shortly after driving out of his council secretariat.

He said that with the way the former council chairman was killed, it was obvious that his attackers wanted him dead at all cost. He added that the degree of the shooting also showed that it was purely a case of assassination.
