

Gunmen kill man in Ogun

AN unidentified man was shot dead on Monday by unknown gunmen in Ijebu-Ode, Ogun State.

The *News Agency of Nigeria* reports that the incident took place at Idele Street, off Oyingbo Street in the city at about 10 a.m.

NAN learnt that the victim was negotiating to buy some electronics in one of the shops when the gunmen attacked him.

An eye-witness told NAN that the man was shot by three gunmen on a motorcycle.

The gunmen reportedly fled the scene after the act.

"The victim was shot more than once, which led to his death. The money he wanted to use to buy the electronics was still in his hands when he was shot.

"It was after the gunmen had left that the police came to carry away his corpse," the witness, who pleaded anonymity said.

When the Area Commander of the Ijebu-Ode Divisional Police headquarters, Mr Christopher Obagunle, was contacted on telephone, he said the police were still investigating the incident.
