ONE person was said to have been **killed** while the other was seriously injured in a renewed communal clash between two communities in Ogoniland.

The communities known as B-Dere and K-Dere in Gokana Local Government Area of **Rivers** State had been at loggerheads for about a year.

The latest clash, which started on Sunday, continued till Wednesday morning, even as some members of the two communities were said to be currently living in fear.

A source from Gokana explained that enmity between the two communities worsened when a policeman from K-Dere was accosted by a group of youths from neighbouring B-Dere on Tuesday and threatened to abduct him.
