

Robbers kill two

THE onslaught on residents of Warri, Delta State by robbers continued on Thursday afternoon with the killing of two motorists.

The suspected robbers also rained bullets on a female passer-by during the operation, removing part of her face. She was later rushed to a nearby hospital by sympathisers.

The hoodlums, who were dressed in army uniform, allegedly trailed the two men from a bank in Warri and intercepted their car around the PTI junction.

They immediately shot the two men dead and bolted with the cash while shooting sporadically into the air to scare passersby away.
