A woman, Toyin, who had waited for 13 years to get pregnant was crushed to death with her husband, Rotimi Olugbuyi, on Saturday in Ogun State.

The duo were returning from Ibadan, where they had gone for a function, when the incident occurred.

Rotimi was driving the family car and were a few kilometres to their Mowe residence around 5:30pm when one of the car's tyres burst at Ogere area of the Lagos-Ibadan Expressway.

A family member, who pleaded anonymity because he was not empowered to talk on the incident, told *PUNCH Metro* that the tyre of the car burst on motion and it subsequently somersaulted to the other side of the expressway.

He said, "There was a fast-moving trailer heading for Ibadan on the other side. The trailer crushed the car, killing the occupants.

"It was really a gory sight as Rotimi and Toyin were crushed to pieces by the trailer. Their remains were gathered by officials of the Federal Road Safety Corps and taken to their Ogere Office.

"The FRSC officials used the contacts they found on their telephone set to inform us about the sad event."

There were long faces at the Ministry of Information on Monday. The couple were information officers in the ministry.

While Rotimi, a level 13 officer, was attached to the state scholarship Board, Toyin, who was on level 10, was the Public Relations Officer for the state Judicial Commission.

Some of the couple's colleagues lamented that the accident happened at the time God was answering the couple's prayer for a child.

One of them said, "They were married for 13 years but had no children. We were happy for them when we learnt that Toyin was about three months pregnant. They were very nice people and that is why many PROs went for their burial on Sunday."

Rotimi was said to be a community leader in Mowe and many of the people in the area came for the burial.

It was learnt that the couple were buried on Sunday because the trailer mangled the couple. They were buried at the couple's residence at Church Avenue, Mowe, Ogun State.

Commissioner for Information and Strategy, Mr. Aderemi Ibiroga, who declined journalists' request for official reaction of the government, lamented the loss.

He said, "It is quite shocking and unbelievable."

It was the power of wasters and destiny abusers that are in operation. Men ought to pray and receive deliverance to be able to deal with these wicked powers. Let Jesus reign in your life and get power over Satan and his agents. Sorry for the sorrowful loss.

We can't say for sure what caused the accident and why. Some things are beyond human comprehension. It's a very pity story. May God judge them accordingly.

I lost my mother in December 2009 and in December 2010, I lost my dad and in

December 2011 I lost my only brother and sibling. My father's family are

Muslims and they all refused helping me because I was a Christian. I had to

struggle to bury my brother all alone. I sold my hair dressing equipments and

closed up my small hairdressing shop I was managing to take care of myself and

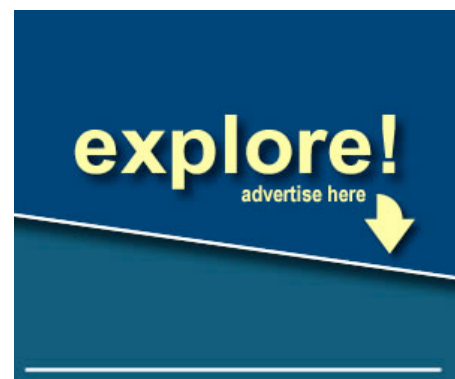

my younger brother who was living with me before he died. Just last month I was

walking along the road frustrated with no where to stay or go and didn't

know what to do when a man in a car that almost hit me stopped to ask what

was the problem, I couldn't talk but I told him I needed spiritual help. He

then said no problem, that he will take me to his bishop. He placed a call to

- When we heard of the Bishop, we decided to fly to

Abuja to attend his prophetic services & also to see him because i needed a

touch, deliverance & healing but couldn't meet him one on one because he

just drove to the venue of the meeting, preached & left. We were told he

was rushing to the airport to catch a flight.

I was disappointed because three of us had to fly in from warri but we couldn't see him.

I was paralyzed. It started three nights after my

wedding, i dreamt that a lady was cutting my legs with a cutlass & when i

woke up that morning, i started feeling pains on my legs & couldn't walk

again. We went to hospitals both here in Nigeria & abroad but nothing could

be done.

We even went to almost all the seasoned prophets in

Nigeria but my case defiled them all.

I knew my case was spiritual because i kept seeing

the lady in my dreams laughing at me & vowing to me that i will never walk

again but i'll die a miserable death.

When Bishop came into the prophetic meeting, he just

preached for few minutes, prophesied generally & asked all of us to raise

up our bottled water so he could bless the water & because we hadn't

attended such service before, we didn't come with water so my cousin who came

with me had to rush outside to buy a bottled water but she didn't get bottled,

so she bought sachet water & i raised up my pure water as the Bishop

prayed. He finished praying & said we should drink it by 12 midnight same

day & our problems are solved & he left.

I was surprised because i was expecting him to touch

us. But he never laid hands on anyone except people where just falling under

the anointing as he was singing worship, he didn't touch the water. He just

spoke & left.

Honestly, i wasn't happy as we were flying back to warri because i felt nothing had been done because other pastors i had visited

in the past would shout & speak in tongues for hours but the Bishop didnt

do all that. He was so soft & calm.

To make my testimony short, i drank the water by 12

midnight reluctantly & i slept. It was like a dream when i woke up in the

morning & i was calling at my causine to bring something for me.

She heard me but pretended she didn't hear me

because all of them were tired of me. I was a burden to everyone as they carry

me everywhere including the toilet. I was angry & i felt like standing up

to walk. I was surprised myself when i stood up & began to walk. My sister

that was in the sitting room watching TV was shocked to see me walked to her.

Indeed, Bishop Solomon Koleayo is God's angel.i will

forever be grateful to you sir.

I kept hearing my niece Bukky who

came in from Nigeria 4 months ago talking about the prophet to her friends but

I wasn't interested because I didn't believe in prophets & so called

spiritualism but as time goes on, I noticed things where just working out for

her, barely within 4 months, she's got a Job, started a big business, got a car

& someone to marry her & I that has been here in America for 8 years had

no serious man of my own, no job, & things where generally difficult for me.

When I noticed doors I had tried opening severally without luck gets opened 4

Bukky without stress, I had 2 humble myself 2 call Bukky who I'm 16 years older

than 2 ask her of her secret & she told me it was Bishop Solomon Koleayo

she visited in Abuja-Nigeria before she made her trip, I begged her f or the Prophet's

contact which she gave me, I called the prophet who prayed 4 me & sent me

the anointed water which I used as instructed & doors began 2 open 4 me

miraculously. People that were owing me that refused paying me before began 2

call me 2 beg & pay me, calls started pouring in from places they promised

me jobs before...am so happy as am planning my wedding now!

All I can say now is thank God for connecting me with the prophet.

I met Bishop when I was the manager of an hotel he lodged sometime ago.

I climbed downstairs from my office to find him complaining to the receptionist

that the Air-conditioner in his room wasn't working properly & he had

called them on the intercom phone severally but nothing was being done since he

checked in.

I quickly intervened by having to first apologize to him & promised I was

going to ensure the maintenance guy fixes it asap. He smiled & was climbing

upstairs back to his room when he suddenly stopped, turned and called me!

He started prophesying to me and all the revelations he told me of my past were

accurate as if he had known me all my life.

I had just gotten the 3rd job in 5 months after my wedding.

Before my wedding, I was one of the managers of a popular (if not the biggest)

hotel in Abuja, Nigeria & I was doing well, I had an official residence, a

car, driver etc until I went for my wedding in my village.

Immediately I returned, I was handed a suspension letter which latter turned to

a sack letter without any pay. I was accused of embezzling some company's fund

which I knew nothing about.

I couldn't even feed my new wife who had just graduated from school & yet

to get a job..Things went upside down for me that at some point. Honestly, I even

contemplated committing suicide.

After some months, I got jobs in Hotels which doesn't take 3 weeks before the

owners gets displeased with my services for no reason & they gets me sacked

without pay.

I was at the 3rd job in 5 months when the Bishop showed up in my life.

He prayed for me and revealed that there was a lady I dated for 8 years which I

promised marriage but didn't marry her when I was ready because of her wayward

lifestyle which is true,

Bishop went further to reveal that the lady went to a shrine somewhere to do

some charms to destroy me, my finances & to make sure my marriage to

another person ends in shame.

Bishop prayed for me and promised me that there would be all-round turn around

in 24 hours and true to his words, by 9:15am the next day, I received a call

from the General Manager of the 1st Hotel where I worked & was sacked

without pay.

He called to tell me that the management would want to have a meeting with me

immediately,

I called the Bishop immediately who had already checked out and was at the

airport flying to Lagos to preach but he prayed for me over the phone and asked

me to go.

I went there immediately; I met with all the management staffs including the

Chairman of the Hotel who hardly stays in Nigeria. They started by apologizing

to me that they were sorry, that someone who wanted to replace me framed me up

but they have discovered the truth and they want me back because since I left,

a lot of fraud has been taking place.

I told them I wasn't coming back and they begged me not to sue them to court

for tarnishing my image because after the incident, they went publishing with

my photographs in major news papers in the country that I defrauded the Hotel

and no one should deal with me on behalf of the Hotel.

After the meeting, I was handed a cheque of 35 million as compensation.

Today, I am now a proud owner of my own Hotel and God is opening more business

doors for me daily.

Praise the Lord!!

Thank you so so much Bishop Solomon Koleayo.

Sir, you're indeed a man of, and from God.

Few years ago I had spiritual

attacks. Something like a big worm was moving inside my body and at night it

will move to my neck area and would be as if it wants to chock me to death.

I visited the best of medical doctors who ran all manner of medical tests on me

but was always told nothing is wrong with me.

I also visited several great and seasoned men of God around the world for

prayers and even herbalists/witch doctors for help but the problem persisted

and even grew worse that it affected my finances. I lost my job and house

because I could no longer pay the mortgage; my wife packed away and left me.

When my Mother in Nigeria called me on the phone one night to recommend the man

of God to me and asked me to call him for prayers, to be honest I was skeptical

and doubtful because I had visited most of the great men of God you see on television

and still no solution.

After several calls and persuasion from my mom, I reluctantly picked up my

phone and called the Bishop and I was so glad I did because after he ministered

to me over the phone, I was perfectly healed miraculously and ever since then,

I have enjoyed perfect health and open doors.

He also prophesied to me that in few days, I would meet someone I knew and

hadn't seen in 18 years and true to his prophecy, it happened accurately on the

date and time he gave me.

Apart from hundreds of testimonies I hear and see people share of the great

things God had used the man of God to do in their lives, God has also used him

in blessing and healing over 10 people whom I recommended and introduced him

to.

Thank you so much Bishop Solomon Koleayo for being a blessing to us.

There should be a law making it compulsory for all these drivers to be driving only at nights. Their activities during the early graves.
