Ex-Kogi commissioner dies in auto crash

Success Nwogu, Ilorin

THE immediate past Commissioner of Education in Kogi State, Mrs. Grace Elebiyo, is dead.

She was said to have died after she was involved in an auto crash along Kabba-Okenne road of the state while returning from a public function.

According to a statement on Wednesday by the Special Adviser, Media and Strategy

to the Kogi State Governor, Mr. Jacob Edi, the former commissioner died on Tuesday evening.

The Kogi State Governor, Capt Idris Wada (retd.), was quoted in the statement as having commiserated with the people of the state in general and particularly the family of the deceased over the untimely death.

Wada, who received the news of the transition with shock, recalled the

selfless contributions of the late commissioner to the development of the state.

Wada said, "This death has further depleted the rank of our community leaders. The late former commissioner was humble, service-oriented and committed to the growth of education in the state.

"This is one death too many. May her gentle soul rest in peace and may God grant us the fortitude to bear the loss."

The protest was said to have followed an alleged killing of 14 youths by the soldiers. Ten others were also said to have been injured by the police.

The protesters marched to the palace of the traditional ruler of the town, police area command and the police headquarters.

The protesters, who also demanded the relaxation of the 24-hour curfew imposed on the town, accused the soldiers of carrying out extra-judicial killings in the area.

Final Comments

While there can be no dispute that Robin Williams was a comic genius, as his Oscar, two Emmys and four Golden Globe awards attest, early indications are that he displayed some genius with his Estate Planning as well. Although nothing can make the horrific loss of Robin Williams better for his family, the fact that he took proper steps with his legal planning to avoid the pain getting worse is a huge plus for him.

We believe this is a lesson that we can learn from. While few people will need the sophisticated type of Estate Planning that Williams used, a revocable living trust can help anyone who wants to help their loved ones avoid the pain, cost, stress and publicity of probate court. As a result of his foresight, Robin Williams' family can focus on
